I am in favor or granting Pacific Roots Cannabis LLC the special permit to add 33,576 square feet to thier existing permit. I live near by and have witnessed only the finest quality farm practices. There are those farms that seem motivated by greed and making a quick buck, this farm is very different. I see them making an effort to provide quality local jobs, caring for the planet and providing healthy high quality cannabis. I hope decide that this farm deserves to have the chance to expand, so that may have a chance to succeed in times that make keeping a cannabis business going very difficult. That is all for now, from my smart phone.
