DISCUSSION:

As part of the state budget for fiscal year 2012-2013, the State of California authorized expansion of Medi-Cal managed care into counties that had previously provided Medi-Cal benefits on a fee-for-service basis only. On May 14, 2013, the Humboldt County Board of Supervisors (Board) adopted Ordinance 2501 authorizing the County of Humboldt to join the Partnership HealthPlan of California, a regional County Organized Health System model of Medi-Cal managed care.

As a condition of the contract with the California Department of Health Care Services, Partnership HealthPlan of California is required to execute a memorandum of understanding with the Humboldt County Department of Health and Human Services - Behavioral Health ("DHHS - Behavioral Health") describing the responsibilities of the County of Humboldt and Partnership HealthPlan of California in the delivery of Drug Medi-Cal substance use disorder services to Medi-Cal beneficiaries who are served by both parties.

The attached memorandum of understanding with Partnership HealthPlan of California complies with the requirements set forth in recent federal Medicaid managed care rules and Partnership HealthPlan of California's 2024 agreement with the California Department of Health Care Services. The attached memorandum of understanding with Partnership HealthPlan of California will

allow for the continued coordination of Drug Medi-Cal substance use disorder services in Humboldt County to ensure continuity of care for mutual clients and avoid duplication of services.
