

CONDITIONS OF APPROVAL
PLN-2025-19339

APPROVAL OF A COASTAL DEVELOPMENT PERMIT, SPECIAL PERMIT AND NOTICE OF MERGER IS CONDITIONED UPON THE FOLLOWING TERMS AND REQUIREMENTS:

A. General Conditions

1. All development shall conform to the approved plot plan.
2. All required grading, building, plumbing, electrical and/or mechanical permits are obtained if required.
 - a. Applicant must apply for and obtain permits for the grading work done from Humboldt County Building Department.
 - b. A soils report will be required for any future building construction due to seismic instability.
3. All development shall conform to the Public Works memo dated December 4, 2025.
4. The Applicant is required to pay for permit processing on a time and material basis as set forth in the schedule of fees and charges as adopted by ordinance of the Humboldt County Board of Supervisors. The Department will provide a bill to the Applicant after the Zoning Administrator decision. Any and all outstanding Planning fees to cover the processing of the application to decision by the Hearing Officer shall be paid to the Humboldt County Planning Division, 3015 "H" Street, Eureka.
5. Per California Department of Fish and Wildlife (CDFW), vegetation removal should occur outside of nesting season (generally March 15 – August 15) to avoid impacts to native resident and migratory birds. If that's not feasible, a qualified biologist shall survey for active bird nests no more than seven days prior to tree removal or significant trimming. If an active nest is found, the permittee should consult with CDFW regarding appropriate site-specific avoidance measures and buffer distances. If there is a lapse in project-related activities of seven days or more, the biologist should re-survey the area before work resumes.
6. CDFW recommends the use of native plants appropriate to coastal northern California, which provide aesthetic and habitat values while requiring minimal watering and maintenance. The Cal-IPC Inventory provides a list of the most problematic invasive plant species used in landscaping.

7. All outdoor lighting shall be directed within the property bounds.
8. New utilities shall be installed underground, when feasible.
9. Alteration to natural landforms shall be minimized.
10. Exterior walls and roofing materials shall not be unfinished metal or galvanized metal. The exterior finish must have a manufacturer's warranty certifying a minimum life of fifteen (15) years.
11. The applicant shall submit a completed Notice of Merger and Certificate of Subdivision Compliance document along with legal document review fees, notary fees and recording fees, as applicable.
12. **Applicant shall provide documentation from the County of Humboldt Tax Collector that all property taxes for the parcels involved in the Merger have been paid in full if payable, or secured if not yet payable, to the satisfaction of the County Tax Collector's Office. Please contact the Tax Collector's Office approximately three to four weeks prior to filing the Notice of Merger to satisfy this condition.** Note: The purpose of this condition is to avoid possible title consequences in the event of a tax default and sale affecting the owner's real property interest. If property has delinquent taxes, the property cannot be combined for tax purposes. This means that the owner will receive two or more tax bills, and penalties and interest will continue to accrue against the land which has delinquent taxes. If five or more years have elapsed since the taxes on the subject property were declared in default, such property will be sold by the County Tax Collector for non-payment of delinquent taxes unless the amount required to redeem the property is paid before sale. Property combined by merger but "divided" by tax sale will require separate demonstration of subdivision compliance of all resultant parcels prior to the County's issuance of a building permit or other grant of authority to develop the subject properties.

Informational Notes:

1. If cultural resources are encountered during construction activities, the contractor on site shall cease all work in the immediate area and within a 50-foot buffer of the discovery location. A qualified archaeologist as well as the appropriate Tribal Historic Preservation Officer(s) are to be contacted to evaluate the discovery and, in

consultation with the applicant and lead agency, develop a treatment plan in any instance where significant impacts cannot be avoided.

The Native American Heritage Commission (NAHC) can provide information regarding the appropriate Tribal point(s) of contact for a specific area; the NAHC can be reached at 916-653-4082. Prehistoric materials may include obsidian or chert flakes, tools, locally darkened midden soils, ground stone artifacts, shellfish or faunal remains, and human burials. If human remains are found, California Health and Safety Code 7050.5 requires that the County Coroner be contacted immediately at 707-445-7242. If the Coroner determines the remains to be Native American, the NAHC will then be contacted by the Coroner to determine appropriate treatment of the remains pursuant to PRC 5097.98. Violators shall be prosecuted in accordance with PRC Section 5097.99

The applicant is ultimately responsible for ensuring compliance with this condition.

2. The applicant is responsible for receiving all necessary permits and/or approvals from other state and local agencies.
3. Before any digging or excavation occurs, the applicant shall contact Underground Service Alert (USA) by dialing 811 a minimum of 2 working days prior to commencing any work to ensure that all existing underground utilities are identified and marked on-site.
4. The Coastal Development Permit shall expire and become null and void at the expiration of two (2) years after all appeal periods have lapsed (see "Effective Date"); except where construction under a valid building permit or use in reliance on the permit has commenced prior to such anniversary date. The period within which construction or use must be commenced may be extended as provided by Section 312-11.3 of the Humboldt County Code.
