Subject: McKinleyville Incorporation

Kathy,

Please forward this on to the Board of Supervisors for the meeting tomorrow on this matter.

As a member of the community I would request the Board of Supervisors carefully consider the financial impact to the county in trying to separate the revenue and expenses to the county for our town. Witout knowing the actual majority consensus for incorporation in McKinleyville, it is my opinion that burdening the county and your staff with tracking the revenue and expenses premature.

Thank you,

Greg Orsini

Concerned McKinleyville citizen
