- A. Hold Harmless, Defense and Indemnification. CONTRACTOR shall hold harmless, defend and indemnify COUNTY and its agents, officers, officials, employees and volunteers from and against any and all claims, demands, losses, damages, liabilities, expenses and costs of any kind or nature, including, without limitation, attorney fees and other costs of litigation, arising out of, or in connection with, CONTRACTOR's negligent performance of, or failure to comply with, any of the duties and/or obligations contained herein, except such loss or damage which was caused by the sole negligence or willful misconduct of COUNTY.
- B. Effect of Insurance. Acceptance of the insurance required by this Agreement, shall not relieve CONTRACTOR from liability under this provision. This provision shall apply to all claims for damages related CONTRACTOR's performance hereunder, regardless of whether any insurance is applicable or not. The insurance policy limits set forth herein shall not act as a limitation upon the amount of indemnification or defense to be provided hereunder.

15. INSURANCE REQUIREMENTS:

This Agreement shall not be executed by COUNTY, and CONTRACTOR is not entitled to any rights hereunder, unless certificates of insurance or other sufficient proof that the following provisions have been complied with, are filed with the Clerk of the Humboldt County Board of Supervisors.

If a general aggregate limit is used, such limit shall apply separately hereto or shall be twice the required occurrence limit.
2. Automobile/Motor Liability Insurance with a limit of liability not less than One Million Dollars (\$1,000,000.00) combined single limit coverage. Such insurance shall include coverage of all owned, hired and non-owned vehicles. Said coverage shall be at least as broad as Insurance Service Offices Form Code 1 (any auto).

B. Special Insurance Requirements. Said policies shall, unless otherwise specified herein, be endorsed with the following provisions:

The coverage shall contain no special limitations on the scope of protection afforded to COUNTY and its agents, officers, officials, employees and volunteers. Said policy shall also contain a provision stating that such coverage:

It is further understood that CONTRACTOR shall not terminate such coverage until COUNTY receives adequate proof that equal or better insurance has been secured.
3. The inclusion of more than one (1) insured shall not operate to impair the rights of one (1) insured against another insured, and the coverage afforded shall apply as though

separate policies had been issued to each insured, but the inclusion of more than one (1) insured shall not operate to increase the limits of the insurer's liability.

4. For claims related to this Agreement, CONTRACTOR's insurance is the primary coverage to COUNTY, and any insurance or self-insurance programs maintained thereby are excess to CONTRACTOR's insurance and will not be used to contribute therewith.
 5. Any failure to comply with the provisions of this Agreement shall not affect coverage provided to COUNTY or its agents, officers, officials, employees and volunteers.

CALFRESH OUTREACH PROPOSAL

CalFresh Outreach Guidelines for Fiscal Year 2019-20

Federal and State funding for CalFresh Outreach has created an opportunity for community-based organizations and the Humboldt County Department of Health & Human Services (DHHS) to partner in improving the health of our community. Funding is available again this year to community-based organizations for outreach, education and application assistance.

The overarching goal of the CalFresh program is to improve the health and well-being of families and individuals in Humboldt County. Reliable access to nutritious food is essential for overall health and is important in the prevention of chronic diseases. The objectives of the outreach program and this funding are to:

- increase awareness of and enrollment in CalFresh,
- reduce barriers to CalFresh enrollment and retention, and
- increase awareness and adoption of healthy food and life choices that improve wellness and prevent chronic disease.

There are still many potentially eligible residents who have not applied for CalFresh benefits and there are many CalFresh participants who do not maintain enrollment. DHHS is focused on increasing CalFresh enrollment and retention and is interested in partnering with community-based organizations willing to join the effort.

DHHS would like to partner with community-based organizations that can help with the following efforts.

- Support enrollment and retention processes with information, pre-screening, direct application and enrollment assistance, and retention assistance.
- Educate community members about CalFresh and program changes.
- Reduce barriers to enrollment, including stigma, fear, language/literacy, and others.
- Reach populations with low CalFresh Participation Rates (such as working families, seniors, persons in recovery, persons with limited literacy or ability to speak/read English, transitional aged foster youth, and the homeless).
- Link CalFresh to access to nutritious food and provide CalFresh-related nutrition information and guidance, including how to shop for and cook with nutritious foods on a budget.

DHHS will consider a partnership request at any time during the fiscal year and the activity time frames for requests do not have to fall completely within the fiscal year. Requests can span fiscal years.

Application assistance and direct enrollment support is DHHS's highest priority. Priority will be given to proposals that focus on application assistance, intake and enrollment support and retention support.

A complete partnership request includes a completed FY 2017-18 Partnership Request Form, Outreach Estimates Form, Partnership Request Budget Form, and narrative as outlined on the request form.

If interested, please read the contractor guidelines below and complete and return the attached CalFresh Outreach Partnership Request Form, with attachments, electronically to CalFreshOutreach@co.humboldt.ca.us or paper copies to CalFresh Outreach DHHS 929 Koster St., Eureka, CA 95501.

Application process and application and outreach partner program questions can be answered by the CalFresh Outreach Analyst at (707) 268-2787.

2. What difference will CalFresh funding make in your community or neighborhood and for the population you are serving? How will the proposed activities fit into or relate to other programs in your organization and community?

Through our 18 programs, we reach 12,000 individuals of all ages monthly across Humboldt County, all of whom are in need of food assistance. CalFresh funding helps us integrate CalFresh education, pre-screening, application assistance, and benefit retention with meeting our clients’ immediate need for food. Our Outreach staff provide application assistance both on-site at the food bank and throughout the county in partnership with our various food distribution programs and sites, including our onsite Choice Pantry, network of 16 remote pantries, senior food distribution sites countywide, Mobile Produce Pantry sites in 10 communities, seasonal produce markets in 4 areas of the county, and many other community engagement occasions.

In alignment with our mission, our Outreach team is thoroughly trained to provide CalFresh education and application assistance, as a resource necessary to help food bank program participants meet their household food needs and improve their health and wellbeing. In addition, our Outreach staff are well connected to and acquainted with a large number of community partners and have vast knowledge of the appropriate agencies to refer households to, as needed, such as DHHS Social Services offices, Mobile Outreach Vehicle, community partners that are closest to a household’s residence, and online tools such as www.getcalfresh.org.

We have been outreaching to SSI households in our countywide programs since spring of 2019 and have been completing an accelerated volume of CalFresh applications to said households. Close to 40% of our Choice Pantry households have SSI income, as do approximately 20% of Mobile Produce Pantry households countywide. A large portion of the 800 households in our countywide Senior & Homebound Programs receive SSI income, and we estimate that a large portion of the households participating in our countywide Pantry Network and other programs have SSI income. We are committed to working with DHHS and our community partners to make the CalFresh expansion process as smooth as possible. We are already quite busy with the surge of SSI households requesting our help with the application process, and we are doing everything we can to educate households about the process, what to expect, and how to reach us for follow-up assistance.

Within all of our food bank programs, we provide nutrition education alongside CalFresh outreach. We introduce households to a variety of healthy, easy, and interesting ways to utilize fresh vegetables and staple foods, and we teach cooking skills, meal planning, shopping on a budget, and growing a garden with CalFresh. Households learn something new about CalFresh and nutrition/cooking each time they interact with our programs. We work hard to build households’ trust in the program and with DHHS, so that all households participating in our programs know we’re a team invested in their health and in helping them through the application and eligibility process. Part of this commitment also includes churn reduction. We prepare households to bring as much supporting documentation as possible when applying with us. We follow up with the households we assist, to help with any challenges and questions that arise in the eligibility process. We do everything we can to avoid the need to reapply, due to lack of documentation or confusion over semi-annual reporting or recertification. We want households to have a smooth experience with the program and put healthy food on the table.

We partner with many organizations throughout the community, to strengthen the collective outreach work occurring countywide. This includes both ongoing collaborations and specific projects related to farmers’ markets, garden outreach, community events, family resource centers, college campuses, Latino outreach, senior organizations, tribal organizations, and more. We help support, educate, and foster collaboration with community partners via trainings,

CalFresh Task Force, the CalFresh Task Force webpage, program newsletters, sharing outreach materials, and other outreach projects. We also provide pre-assembled nonperishable food bags to the DHHS Mobile Outreach and SOS vehicles on a monthly basis, to help their staff meet community members' immediate food needs while engaging in conversations about CalFresh. We will continue to provide these bags to help the Mobile Outreach and SOS programs in their work serving low-income clients in food deserts and high-need areas of the community.

3. Please describe your organization's capacity to succeed with the proposed project and your plans, if any, for continuing the work after the proposed project is complete.

We have close to 20 years of experience engaging in CalFresh outreach through our food bank programs and in the general community. This has included application assistance and education, facilitating the Humboldt County CalFresh Task Force, and providing training to local service providers. We have successfully managed this CalFresh contract for the past seven years, with a commitment to pursuing creative and efficient ways to assist people, share tools, and improve communication between CalFresh partners. We utilize every data tool we have to focus our outreach methods and have the biggest impact. This includes data from California Center for Rural Policy (CCRP)'s survey of households in our countywide network of 17 pantries and ongoing data collection via several of our programs' intake databases. Benefit retention/churn reduction is central to our outreach work. We share and learn best practices that help Humboldt County households and DHHS have a smooth eligibility process. Our CalFresh Outreach team's data management capabilities help us provide thorough, long-range follow-up with the people we assist and produce detailed statistics for evaluating our effectiveness.

Food for People serves roughly 10% of the Humboldt County population through its 18 programs, which overlaps heavily with the target CalFresh population, including special populations that traditionally require specialized outreach methods and information. We have always integrated CalFresh and nutrition outreach into our food distribution programs and community work. We like to be creative and assess which of our methods work well and which need to change or shift focus. We examine trends, challenges, successes, data, and barriers that households experience, and we utilize all of this information to hone our outreach work all year long.

It continues to be a pleasure to partner with Humboldt County DHHS and the many organizations engaging in CalFresh outreach throughout the county. Together we make the work successful. It aligns with our mission to eliminate hunger and improve the health and well-being of our community through access to healthy and nutritious foods and community education. Therefore we will remain committed to this work into the future.

Food for People DHHS 2019-2020 Budget Narrative (*SEE ATTACHED WORKSHEETS)

The 2019-2020 Budget and Scope of Work outline the project activities, project deliverables and related costs to continue CalFresh outreach and enrollment activities in partnership with Humboldt County Department of Health and Human Services and other community-based partners. Activities outlined in the SOW build upon the successes achieved to date.

Transportation/Travel:

Mobile Produce Pantry Outreach:

Line items reflect the cost for continued operation of the Mobile Produce Pantry, traveling in coordination with the DHHS Mobile Outreach Vehicle and Street Outreach Services (SOS) to conduct CalFresh outreach and nutrition education activities at sites countywide. Regularly scheduled sites include Redway, Fortuna, Rio Dell, Orleans, Weitchpec, Willow Creek, Hoopa, Orick, Blue Lake (a new site in 2018 that has grown rapidly), and Trinidad. The Mobile Produce Pantry Coordinator and other Outreach staff pre-screen a minimum of 1,200 households each quarter for CalFresh, help households apply, and make referrals to the Mobile Outreach Vehicle for CalFresh and other county services.

Outreach mileage and per diem:

This line item reflects mileage and per diem for use of personal vehicles and fuel costs for outreach staff's use of FFP vehicles specific to outreach activities conducted by the three CalFresh outreach staff. It also includes travel costs to attend in-state CalFresh trainings, such as the annual CalFresh Forum in Sacramento and peer to peer technical assistance forums coordinated by the California Association of Food Banks.

Personnel:

CalFresh Outreach Staff:

Budget includes payroll costs associated with retaining three, full time CalFresh Outreach staff to conduct outreach, enrollment and retention activities; coordinate and facilitate the CalFresh Task Force meetings; coordinate training for project partners (as needed); promote the benefits of the Market Match, which is available for CalFresh recipients at North Coast Growers' Association's Farmers' Markets; and assist with the planning and execution of the annual CalFresh Forum. Staff includes one bilingual and one Nutrition Education CalFresh application assistor at 100% FTE and a lead outreach and application assistance specialist funded at 90% FTE. Our Outreach staff will be available to conduct CalFresh trainings for local professionals at partner organizations upon request, although the need for the trainings has declined as DHHS has taken a lead role. Outreach Staff completed 92 applications in the first month of CalFresh expansion to SSI households and will pre-screen up to 2,500 households per quarter. We expect to enroll a larger than usual number of households in the months leading up to the start of this 2019-2020 contract, and to average a minimum of 50 CalFresh applications each quarter thereafter, though we expect numbers will likely be higher. Outreach staff continues to assist up to 100 CalFresh recipients who have signed a Release of Information (ROI) form with benefit retention.

Mobile Produce Pantry Driver/Coordinator:

This includes personnel costs for one full time CalFresh outreach staff person who drives the Mobile Produce Pantry to the scheduled sites in coordination with the DHHS Mobile Outreach Vehicle and SOS. Each individual accessing the Mobile Produce Pantry is prescreened for CalFresh and an intake file is established tracking their CalFresh status. Food for People outreach staff initiate the application process with the client if it appears they might be eligible or refers them to the Mobile Outreach Vehicle or SOS for additional screening and/or to discuss other county services that might assist the individual or family, such as MediCal, CalWORKS, etc. Recipes are also distributed and nutrition education activities (taste tests, food demos, etc.) are frequently

conducted at the sites to help individuals understand the benefits of a healthy diet and how CalFresh might help them access more fresh fruits and vegetables.

Mobile Pantry/Outreach Inventory Database Manager:

This line item reflects the amount of time spent managing inventory flow and data tracking based on the volume of produce purchases made for the Mobile Produce Pantry and the nonperishable food purchases that are included in outreach and engagement activities through Food for People's programs and the Mobile Outreach Vehicle and SOS. Food for People's inventory system tracks all incoming and outgoing food by item, source, date and value and this information is included in all relevant reports.

Direct Services Manager:

All individuals seeking food assistance from FFP must participate in an intake interview that collects household and demographic data about the individual and their household, including income sources, housing status, etc. Questions about each client's CalFresh status are asked at each point of contact. This data is recorded in a data management platform offered through Oasis Insight, which is a cloud based service used by food banks and other nonprofits nationwide. Oasis Insight makes it possible for us to create monthly reports that are used to analyze client demographics and monitor service trends, which has proven invaluable in terms of identifying food pantry clients who might be eligible for CalFresh. We would note that the California Department of Social Services has started using Oasis Insight statewide for enrolling and tracking clients in the federal Commodity Supplemental Food Program (CSFP).

Budget reflects five hours per week of the Direct Services Manager's time to run reports and provide training and technical support for volunteers, WEX, and CalWORKS placements to conduct data entry for all client intake files using the Oasis Insight platform. This has proven to be an important component of job skills development for WEX and CalWORKS trainees in particular. The intake reports also make it possible for us to analyze the data in more depth and monitor service trends and related demographic data. Data from the reports will be made available to DHHS and other project partners upon request.

The Direct Services Manager also recruits volunteers to assist with assembly of an average of 300 nonperishable food bags that are provided to the Mobile Outreach Vehicle and SOS each month, which makes it possible for DHHS staff to respond to the clients' immediate needs while screening and/or enrolling clients in essential services.

Local Food Resources Coordinator:

Budget reflects time spent coordinating produce orders for the Mobile Produce Pantry and arranging deliveries from the various sources. Produce is purchased through the statewide Farm to Family program managed by the California Association of Food Banks and from locally based farmers and agricultural producers. Farm to Family produce is sourced through Redwood Empire Food Bank in Santa Rosa, providing year round access to a variety of crops grown throughout California, although we try to source as much as possible locally. Emphasis is on variety, quality and cost.

Pantry Network Coordinator:

The Pantry Network Coordinator oversees operations at each of our 17 pantry sites countywide, ensuring that CalFresh informational materials are available and that outreach is occurring during food distributions. This is accomplished through regular monthly contacts, the annual Pantry Summit, and regional meetings that are convened to promote greater collaboration in specific areas of the county. She provides training, technical support and other resources for the individual pantry coordinators and their volunteers at the 16 remote sites to assist them with their CalFresh outreach and engagement activities. Activities are coordinated with our Outreach staff to provide information and onsite application and retention assistance. We also coordinate with CCRP to conduct client surveys every three years (the latest was completed in early 2018) and the Pantry

Network Coordinator is responsible for following up with each pantry site to provide feedback on customer satisfaction, client information and referral needs, and other health and community related topics. She also monitors data collection through the Oasis Insight database tracking system, which is currently in use at the Eureka Choice Pantry and Arcata pantry site.

Director of Programs:

The Director of Programs coordinates all weekly website postings for DHHS and designated CalFresh partners on the dedicated CalFresh Task Force (CFTF) web page, including a variety of outreach materials, some of which target specific ethnic and age related populations; SSI-CalFresh expansion informational and outreach materials; links to CalFresh eligibility and nutrition information; FAQ's; training opportunities; and postings for outreach activities being conducted by project partners. Utilization of the CalFresh Outreach-related pages remains strong in the first half of our current contract, averaging 1,212 hits per quarter. Approximately 48% of page hits are on CalFresh Task Force (CFTF) pages, and the rest are on our general CalFresh Outreach pages. Visitors to the CFTF web page are downloading an average of 1,300 documents per quarter so far this year. A detailed list of the number of webpage hits and the number of downloads, by document, is included in each of our quarterly reports.

The Director of Programs also handles all of the program data tracking related to the SOW, plus quarterly and year end reporting and provides technical assistance to all program coordinators within FFP who are involved in the contract. She also participates in CalFresh Task Force meetings, assists with planning special projects, assists with trainings for project partners and in planning the annual CalFresh Forum.

Executive Director:

Budget reflects time spent managing contract activities, preparing reports, ensuring budget compliance and participating in meetings and planning activities.

Finance Director:

Budget reflects time spent developing the annual project budget, and preparing the financial reports and the monthly billing for contract activities.

Bookkeeper:

Budget reflects time spent tracking all contract-related expenses, including payroll, food and equipment and supplies purchases.

Consumables/Supplies:

CalFresh Outreach Vouchers:

Printing, dissemination and tracking of the CalFresh Outreach Vouchers is being transitioned to the North Coast Growers' Association in the coming year. The funding included in this line item will be used to reimburse NCGA for vouchers redeemed at Farmers' Markets in October, November and December of 2019 before they renew their contract and include this line item in their budget. These funds will essentially cover the "gap" period between the two contracts.

Outreach Food Purchases:

This line item covers the purchase of nonperishable foods that are used as an outreach and engagement strategy by the Mobile Outreach Vehicle, SOS and Food for People programs. It has been extremely effective to be able to meet the immediate food needs of clients interested in pursuing CalFresh benefits, which may take up to a month to be approved, depending on how quickly the required documentation is submitted. This line item also includes produce purchases for the Mobile Produce Outreach Pantry, which travels to remote sites, many of which are considered food deserts, with the Mobile Outreach Vehicle and SOS on a monthly schedule.

Crates and boxes:

Covers the purchase of boxes and crates used to store and transport the food provided to the DHHS Mobile Engagement Vehicle and/or SOS and other sites.

Operational Costs:

Rent - Storage Space for Outreach Food Purchases:

Rental costs for additional off-site storage space to accommodate the increased volume of purchased nonperishable foods outlined above, which FFP would not otherwise have the space to store. This line item also includes insurance, utilities and pest control. We would note that the cost to rent or lease warehouse space has risen significantly over the past two years due to the impact of the cannabis industry on both availability and cost.

General Project Operating Expenses:

Line item includes supplies, telephone, postage, garbage, etc. needed to meet contract requirements.

Copy Expenses:

This includes annual costs to photocopy prescreening and release of information forms, client documentation, recipes, and other outreach materials.

Printing:

This line item reflects the cost of printing CalFresh brochures, letters, "Grow Your Garden with CalFresh" cards and brochures, etc.

Tech support for CalFresh website hosting and online access:

Morse Media hosts and provides technical support for the website, including regular software and security updates. This line item also includes the cost of satellite internet access for remote access at pantry sites which is billed through our Verizon services.

Other Outreach operating expenses:

Line item reflects postage, office supplies, purchases for food demos and miscellaneous program expenses specific to the three CalFresh outreach staff.

California Association of Food Banks dues:

Our membership in the California Association of Food Banks allows us to access low cost produce (average cost is \$.08/pound) through the Farm to Family program and supports connections with CAFB's CalFresh outreach peer network that promotes the sharing of outreach and enrollment strategies among partners statewide.

Oasis Insight User Fees:

This is the annual cost for 9 users to access the Oasis Insight client intake database and SNAP/CalFresh database feature and includes user fees for additional pantry pilot sites. The cost for all technical support is included in the annual fee, except for any changes in report format that might be necessary.

Indirect Overhead:

This includes the general administrative costs associated with contract fulfillment such as liability insurance, building maintenance, use of additional food bank vehicles for food purchases and deliveries, etc.

As part of the contract agreement, reports must be completed and submitted to track progress and activities.

Due dates: Quarterly reports are based on DHHS fiscal year quarters, regardless of when an agency's contract begins or ends. The table below shows each fiscal year quarter and the report due dates. Report Narrative:

Use the narrative section to explain the Outreach Activities your organization completed or participated in. Remember to talk about both processes and outcomes whenever possible.

Some questions to consider when completing the narrative sections of the report:

- How did the programs/services support CalFresh Outreach?
- How did you calculate the number of individuals your organization is reported to have reached? There is no one way to accomplish this and each agency is different.

- Did the programs/services reach the populations it was intended to reach, and were the participants satisfied?
- What were the program results, and did the program produce the intended changes? Unintended changes?
- Was the value of the outcomes achieved worth the resources invested in the program?

Need help?

If you are unsure about when your reports are due, please refer to item 2 (Term) in your contract. If you are still unsure or you would like help with anything else, please email CalFreshOutreach@co.humboldt.ca.us or call Appolonia Coan at 707-476-4760.
