Wheeler Lumber Co
P O Box 294
Miranda, CA 95553

Case Number: CE19-0226
APN: 211-376-027-000

To Wheeler Lumber Co:

On September 18, 2019, the Code Enforcement Unit served you with a *Notice to Abate Nuisance* and a *Notice of Violation and Proposed Administrative Civil Penalty* ("Notice of Violation") pertaining to the violations that had occurred and/or exist on the property described as Assessor's Parcel Number 211-376-027-000 ("Subject Property"). These Notices notified you that a daily administrative civil penalty in the amount of \$30,000 would be imposed for a period of up to ninety (90) days if the required corrective action(s) were not completed within ten (10) calendar days after service

This letter is to inform you that more than ninety (90) days have passed since the ten (10) day period to abate the nuisance(s) and correct the violation(s) has expired. To date, our department has not received sufficient evidence of timely abatement in order to close the case and release the Notices nor has a compliance agreement been entered into between yourself and the County of Humboldt to stay enforcement and collection of the above-referenced daily administrative civil penalty in exchange for your promise to settle and resolve the violations within agreed to timelines.

As a result, the daily administrative civil penalty in the amount of \$30,000 has accrued for a maximum of ninety (90) days. At this time, the Code Enforcement Unit has jurisdiction to collect the total amount of accrued daily administrative civil penalty and could proceed to formally assess the administrative civil penalty and initiate the process of recording a lien on the property for the assessed penalty.

Please contact Code Enforcement staff within ten (10) days of receiving this letter to discuss outstanding Notices and the options available to you to bring the property into compliance and to settle and resolve case.

To contact Code Enforcement, call the Code Enforcement Line at (707) 476-2429 or e-mail Code Compliance Officer, Warren Black, at WBlack2@co.humboldt.ca.us. Thank you for your cooperation.

SUMMARY: 211-376-027-000, 211-375-011-000, 211-375-012-000**Wheeler Lumber Company**

In support of Law Enforcement Operations on May 11, 2020, at approximately 0730, I accompanied the Humboldt County Sheriff's Office on a Search Warrant for parcel numbers 211-376-027-000, 211-375-011-000, and 211-375-012-000; located at Wheeler Ranch Road in Miranda, CA. Other agency on scene was the California Department of Fish and Wildlife. Once the area was secured for entry, I entered the property and conducted a site inspection on behalf of Humboldt County Code Enforcement where I verified and documented the violations of Unpermitted Cannabis Cultivation, Unpermitted Structures, Junk Vehicles, Improper Removal and Storage of Solid Waste, and Unpermitted Grading.

Summary: 211-375-012-000

I first inspected the Main Residential Unit for the properties and the surrounding area. The Main Residential building on the property is a two-story metal building with a concrete slab. Half of the building is used as the living area with three bedrooms and two bathrooms, while the other half is partitioned and designed to be used as a garage or other work area. A couple of the rooms in the working area show signs of previously being used for a nursery or indoor cultivation. I found grow lights still hanging, fans, ventilation, heaters, and other items generally found in the production and cultivation of cannabis. These rooms were currently being used for storage and filled with various items. I did not find any issues with the residential side of the building except the building itself is not permitted.

Immediately outside the Main Residence, I located several Junk Vehicles, multiple piles of Solid Waste, an RV which does not appear to be in use, and boats (Details are listed in the "Locations of Interest" section below). In the property owner's main vehicle, we located the Notice of Administrative Civil Penalty Assessment posted by County of Humboldt Code Enforcement Unit and a letter from the State Water Resources Control Board.

After inspecting the area around the Main Residence, I followed the road North where I located a hoophouse frame (Hoophouse 1). It measured 1,000 ft² in size and was constructed of plastic PVC piping and braced with wood. This structure was placed on a graded flat (Graded Flat 1) and had remnants of previous cultivation. The lack of weed growth within the pots found at this site suggest this area was being prepped for new cultivation.

Following the road further North, I came across the main cultivation site. I located six (6) greenhouse structures (Greenhouses 1 – 6), all placed on a series of graded terraces (Graded Flat 2). All the greenhouses were of the same construction as Hoophouse 1 and housed cannabis plants ranging from vegetative to budding and standing 3' – 6' foot in height. Throughout this entire area I found solid waste and debris, discarded soil, unpermitted electrical and lighting, and hoses running to the structures. The water supply appeared to be coming from a set of four (4) hard water tanks located just South, and uphill, of this cultivation area (Details are listed in the "Locations of Interest" section below).

From the main cultivation area, I followed another road heading Southwest where I located a hoophouse structure (Hoophouse 2) of the same construction type as the other unpermitted cultivation buildings on site. Near the structure I found a stack of soil bags suggesting this site may be getting prepped for additional cannabis cultivation. I also located a small tent like structure which appears to be set up as a rest area or shelter while working the cannabis. Hoophouse 2 was built on a graded flat (Graded Flat 3) and the entire area is strewn with piles of solid waste. I did find an additional graded flat (Graded Flat 4) that now appears abandoned from cannabis cultivation and an additional abandoned structure before headed back to the area of the Main Residence.

Summary: 211-375-011-000

I arrived at this location after inspection of APN: 211-375-012-000 and heading East. I noticed two (2) greenhouse structures (Greenhouses 7 & 8). They were built as same construction as greenhouses found on APN 211-375-011-000. The greenhouses where both measured at 4,200 ft² in size and did not currently have cannabis at time of inspection. They were however, filled with soil bags opened at the top and set up as pot for cultivation in a way that is commonly found on cannabis cultivation sites. This is also the same method used at the main cultivation area of 211-375-012-000. Furthermore, the both greenhouses were located on a graded flat (Graded Flat 5), had hoses ran to them, and were surrounded with piles of solid waste.

Summary: 211-376-027-000

The last cultivation areas are located by following the road South from 211-375-011-000. Here I located two (2) graded flats (Graded Flats 6 & 7) each containing two (2) greenhouses (Greenhouses 9 - 12). Once again, the greenhouses were of the same construction type as the other parcels inspected and used soil bags opened at the top as smart pots. The cannabis plants were budding and stood between 4' – 5' feet in height. Surrounding the flats were multiple piles of solid waste and discarded items from the cannabis cultivation operation.

On the edge of Graded Flat 7, I found evidence of erosion due to water runoff causing sediment to be moved into an unmapped waterway on the parcel.
