Upon the approval by the Board of Supervisors, these rates must remain effective and may not be amended except with the consent of, or by the order of the Board of Supervisors.

Rates & Schedule attached

INSURANCE:

Current proof-of-insurance certificates, indicating compliance with the requirement listed below, must be included with this application:

A. CONTRACT SHALL NOT BE EXECUTED BY COUNTY and the CONTRACTOR is not entitled to any rights, unless certificates of insurances, or other sufficient proof that the following provisions have been complied with, and such certificate(s) are filed with the Clerk of the Humboldt County Board of Supervisors.

- B. CONTRACTOR shall and shall require any of its subcontractors to take out and maintain, throughout the period of this Agreement and any extended term thereof, the following policies of insurance placed with the insurers authorized to do business in California and with a current A.M. Best rating of no less than A:VII or its equivalent against injury/death to persons or damage to property which may arise from or in connection with the activities hereunder of CONTRACTOR, its agents, officers, directors, employees, licensees, invitees, assignees or subcontractors:
- 1. Comprehensive or Commercial General Liability Insurance at least as broad as Insurance Services Office Commercial General Liability coverage (occurrence form CG 0001), in an amount of Two Million Dollars (\$2,000,000) per occurrence for any one (1) incident, including, personal injury, death and property damage. If a general aggregate limit is used, either the general aggregate limit shall apply separately to this project or the general aggregate shall be twice the required occurrence limit.
- Automobile/Motor liability insurance with a limit of liability of not less than One Million Dollars (\$1,000,000) combined single limit coverage. Such insurance shall include coverage of all "owned", "hired", and "non-owned" vehicles or coverage for "any auto."
- 3. Workers Compensation as required by the Labor Code of the State of California, with Statutory Limits, and Employers Liability Insurance with limit of no less than One Million Dollars (\$1,000,000) per accident for bodily injury or disease. Said policy shall contain or be endorsed to contain a waiver of subrogation against COUNTY, its officers, officials, agents, representatives, volunteers, and employees. In all cases the above insurance shall include Employers Liability coverage with limits of not less than One Million Dollars (\$1,000,000) per accident for bodily injury and disease.
- 4. Insurance Notices must be sent to:

County of Humboldt Attention: Risk Management 825 5th Street, Room 131 Eureka. CA 95501

- 5. The Comprehensive General Liability shall provide that the COUNTY, its officers, officials, employees, representatives, agents, and volunteers, are covered as additional insured for liability arising out of the operations performed by or on behalf of CONSULTANT. The coverage shall contain no special limitations on the scope of protection afforded to the County, its officers, officials, employees, and volunteers. Said policy shall also contain a provision stating that such coverage:
 - a. Includes contractual liability.
 - b. Does not contain exclusions as to loss or damage to property caused by explosion or resulting from collapse of buildings or structures or property underground commonly referred to "XCU Hazards".
 - c. Is primary insurance as regards to County of Humboldt.
 - d. Does not contain a pro-rata, excess only, and/or escape clause.
 - Contains a cross liability, severability of interest or separation of insureds clause.

use but to improve patient care. We feel this gives our personnel confidence regarding the protocols they follow and increase their ability to recognize and treat all medical and/or trauma patients they may encounter.

Continuous HIPPA, Blood borne pathogen, lifting, and work related injuries, sexual harassment, and customer service on-line workshops are completed by all staff.

Every year the National Guard come to the Hoopa valley to provided specialized care for the Clinic and for the Dental. The KMC ambulance only uses the National Guard for Ride a longs. Their arrival dates is unknown at this time

We have noticed a drop in response to scene times since the mandatory "area familiarization" policy.

Skills and Maintenance/Competency

All paramedics have participated in the AHA cardiac arrest update course.

PEPP training has been provided to all staff within the Ambulance Department.

Orientation for new employees, ACLS, PHTLS, Etc. is offered.

All Paramedics update and train EMT's on duty.

We have periodic technical skills competencies reviewed by staff.

All staff receives ACLS, PALS, PHTLS, Rope Rescue and additional training to meet the needs of our coverage area.

Transportation/Facilities

Hoopa Ambulance is 57 miles + from the nearest hospital Our out laying areas from the Hospital can be up to 2 hour away +. Our ETA to a Hospital in our area is approximately 50 minutes to 2 hours +.

We will review response times with our new Quality Improvement Form and review with the staff.

Documentation

K'ima:w Medical Center Ambulance requires documentation be completed on every call for service. These reports are generated each time our resources respond to provide service. This report includes dispatch information regarding time of call, responding time, time at scene, time in service to hospital, time at the hospital, location of call, and chief complaint. Our PCR includes dispatch times, patient address, medical history, patient assessment, treatment given and the patient's response to treatment. Our billing forms include patient address, services and equipment provided to the patient during our intervention with them.

We have identified and implemented a comprehensive system to track patient care and have developed a CQI form to assist with data collection. We will have and use as an ongoing operations performance program reviewed on a monthly basis. Topics will be assigned and investigated, and actions taken to resolve problems and improve patient care. The information will be documented on the CQI worksheet and be reviewed within staff in-services. This form or data collection is not intended to be used for punitive use but to improve patient care. This form will be used on 100% of all Ambulance runs. We will use the deficiency areas as a training tool through the monthly CE and training programs for all staff. We are also in the process of gathering percentages of successfully preformed skills. This information will be used to identify the need for special skills training on a personal need basis. This information will be presented upon written request.

Clinical Care and Patient Outcome

Our in House CQI program is going well. The oncoming Paramedic is being asked to review and audit patient care reports to ensure appropriate field care is provided. Currently approximately 100% of charts are audited per month. We continue to do CQI planning and discussion among the staff to improve quality care.

K'ima:w Medical Center Ambulance is compassionate regarding the pre-hospital clinical care and patient outcome and our mission statement refers to providing the absolute best pre-hospital care to our citizens, through open lines of communication between our personnel, base hospital personnel, patients and periodic patient follow-up. We are able to evaluate and review our pre-hospital clinical care and gather feedback from hospital personnel regarding short term and long term patient outcomes. We are developing a services rendered evaluation form, to be sent to 75% of our patient contacts. This is going to provide areas in need of improvement as seen by the community. This form or data collection is not intended to be used for punitive

All of our staff, EMT and Paramedics are cleared through our Insurance Dept. to drive the Ambulances.

Public Education and Prevention

The Hoopa Ambulance Dept. participates in community events to increase awareness and prevention activities. We attended that Health Fair held in Hoopa and handed out information related to speeds and seatbelts. Since we are located in such a remote area we feel that it is very important that we participate in the community with education and prevention. We also work closely with our local fire, police, accident prevention, medical clinic, volunteer fire, tribal operations, and office of emergency services departments.

We provide backup services at local community activities.

We also provide ride-a-longs for public education purposes.

KMC does an annual community satisfaction survey and use the findings to train staff, and improve services to our community.

Risk Management

A company ride-a-long waiver for ride is implemented, and used for anyone who is not part of our regular staff.

PPE (Personal Protection Equipment) meets requirements. This equipment is stored in all units.

K'ima:w Ambulance is currently offering all patients HIPPA forms. All staff is trained in HIPPA regulations.

Addressing Identified Quality Issues

Field care audits are done with PCNC and Mad River Community Hospital Dr. to discuss and identify current issues based on PCR documentation with findings and recommendations with corrections by base hospital MD.

We are continuously training staff on the importance of filling out the patient clinical record form correctly. We are also continuously training staff of the importance of assessing the patient and documenting findings as needed.

Job Description

Paramedic

Job Title:

Paramedic

Department:

Emergency Medical Services

Reports To:

EMS Coordinator

Salary Level:

HHC-21

FLSA Status:

Non-exempt

Approved By:

Chief Executive Officer

Approved Date:

January 2007

SUMMARY: Administers life support care to sick and injured persons in the pre-hospital setting as authorized and directed by Base Hospital Physician or MICN and NCEMS Protocols by performing the following duties.

FUNCTIONS AND RESPONSIBILITIES:

- Assess nature and extent of illness or injury to establish and prioritize medical procedures to be followed or need for additional assistance.
- 2. Initiates ACLS measures when appropriate.
- 3. Performs duties per North Coast EMS protocols.
- 4. Performs security for ALS/ Controlled medications
- Monitors cardiac patient.
- Emergency Vehicle Operations.
- 7. Ensures vehicle adequacy.
- 8. Performs vehicle maintenance by cleaning inside and outside of entire ambulance on a daily basis.
- 9. Assures that vehicle is completely stocked at all times.
- 10. Ensures basic operational integrity of vehicle at all times.
- 11. Identifies and reports all vehicle deficiencies to supervisor.
- 12. Drives mobile intensive care unit to emergency scene and transports injured to designated facility.
- 13. Assists in extricating trapped victims and transports to treatment center.
- 14. Communicates with Physician and other medical personnel via radio-telephone.
- 15. Station duties; clean inside and out of ambulance bases on a daily basis, always leaving shift with a clean base.
- 16. Other duties as assigned.

SUPERVISORY RESPONSIBILITIES:

Directly supervises 2 to 3 employees on the Ambulance Crew. Carry out supervisory responsibilities in accordance with the organization's policies and applicable laws. Responsibilities include orientation and training employees; assigning, and directing work; monitoring daily accountability and security of controlled medications; appraising performance; addressing complaints and resolving problems; reporting to EMS Coordinator or other supervisor as appropriate.

Job Description

Paramedic

QUALIFICATIONS: To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

BASIC REQUIRED ABILITY:

PUBLIC RELATIONS/ADVANCED INTERPERSONAL SKILLS: Addresses clients by name; smiles when talking to clients, physicians, peers, and families; answers the telephone courteously and promptly; identifies self and department when answering the telephone using pleasant voice tone/verbiage; possesses excellent listening skills; interacts with clients and peers.

AGE-SPECIFIC COMPETENCE: Must demonstrate the knowledge & skills necessary to: 1) provide care appropriate to any age-related needs of the patients; 2) of the principles of growth and development appropriate; 3) to assess and interpret data about the patient's status in order to identify each patient's needs & provide the appropriate care needed by KMC's Life Stage Patient Groups. Life Stage Patient Groups are defined as infants, toddlers, preschool children, school age children, adolescents, young adults, middle-age adults, and late-stage older adults.

QUALITY IMPROVEMENT RESPONSIBILITIES: Responsible for helping to prepare, achieve, and maintain high quality healthcare. By serving on the various performance improvement subcommittees individual employees are directly involved in the generation or modification of policies & procedures that enable KMC to provide continuously Improving healthcare.

COOPERATION: Must be a self-starter; seeks solutions; accepts constructive criticism; willing to adjust to changes; loyal to K'ima:w Medical Center.

PROFESSIONALISM: Shows pride in personal appearance and grooming; displays a positive attitude about work; respects the confidentiality of clients; and is congenial with public and peers.

INITIATIVE: Willing to participate in continuing education programs; asks questions; contributes during staff meetings; serves on K'ima:w Medical Center committees as appointed; demonstrates a desire for self improvement.

JOB SPECIFIC SKILLS & ABILITIES:

 Demonstrated ability to perform all duties within the scope of practice for California State License and NCEMS paramedic Accreditation.

EDUCATION and/or EXPERIENCE:

High school diploma or general education degree (GED); and a Paramedic license from the State of California.

Job Description

Paramedic

CERTIFICATES, LICENSES, REGISTRATIONS:

- Maintain valid California and Ambulance drivers license.
- Possess current State of California Paramedic License.
- Obtain North Coast Emergency Medical Service Paramedic Accredation
- · Current and valid CPR card.
- Advanced Cardiac Life Support Certification.
- Pediatric Advanced Life Support or Pediatric Emergencies for Prehospital Providers
- Swift Water Rescue Certificate (Optional)
- Over the Bank Rescue (Internal Training Provided)
- P.H.T.L.S.=Pre-hospital Trauma Life Support

LANGUAGE SKILLS: Ability to read, analyze, and interpret professional journals, technical procedures, or governmental regulations. Ability to write medical reports in concise easy to interpret terms. Ability to talk clearly and appropriately over sophisticated radio equipment.

MATHEMATICAL SKILLS: Ability to calculate figures in order to accurately and quickly make appropriate drug and fluid administration rates. Ability to convert metric equivalents. Ability to read and understand dosages.

REASONING ABILITY: Ability to solve practical problems and deal with a variety of variables in situations where only limited standardization exists. Ability to interpret a variety of instructions furnished in written, oral, diagram, or schedule form. Ability to think quickly and act decisively under extreme stress. Ability to formulate and carry out plans of action to affect complex solutions. Must be flexible and innovative.

CONFIDENTIALITY: Employee must be aware of and adhere to Ki'ma:w Medical Center's Confidentiality Policy, HIPPA Policy, and deal appropriately with patient confidentiality at all times.

CONDITIONS OF EMPLOYMENT: Employee is subject to baseline and random drug testing per the Hoopa Tribal Drug & Alcohol Fit for Duty Policy. Employee will serve a 90-day introductory period. Employee is subject to introductory and semiannual performance evaluations. Preference will be given to qualified Indian applicants pursuant to the Tribe's TERO Ordinance.

PHYSICAL DEMANDS: The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this Job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Employee must pass a pre-employment Annual Physical and TB test to meet the physical demands listed below. While performing the duties of this job, the employee is frequently required to sit and kneel or crawl. The employee is regularly required to stand; walk distances;

Job Description

Paramedic

use hands to finger, handle, or feel objects, tools, or controls; and reach with hands and arms. The employee must frequently lift and/or move more than 100 pounds, sometimes in awkward positions, over steep or unlevel ground.

WORK ENVIRONMENT: The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is regularly exposed to blood-borne pathogens, infections and other contagious diseases. Employee is regularly required to drive and ride in emergency vehicles during unsafe driving conditions. The employee occasionally works near moving mechanical parts; in high, precarious places; and in outside weather conditions and is occasionally exposed to fumes or airborne particles, toxic or caustic chemicals, risk of electrical shock, and vibration. The noise level in the work environment is variable from quiet to extremely loud.
