RESOLUTION NO. 24 – 91

**RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF HUMBOLDT
FINDING COMPLIANCE WITH THE CALIFORNIA ENVIRONMENTAL QUALITY ACT AND
MAKING THE REQUIRED FINDINGS TO ADOPT THE INLAND TINY HOUSE VILLAGE
ORDINANCE. RECORD NUMBER PLN-2021-17304**

WHEREAS, California Government Code Section 65850, et seq. authorizes counties to regulate land use, and to adopt and amend general plans and zoning and building ordinances for such purposes, and sets forth procedures governing the adoption and amendment of such ordinances; and

WHEREAS, Humboldt County initiated the zoning ordinance changes to implement its General Plan Housing Element, which through H-P31 and H-IM40 directs the County to amend the Zoning Regulations to improve housing diversity and encourage development of new low-cost housing to allow for tiny house villages as a type of multi-family dwelling in zoning districts that allow other residential dwellings of the same type; and

WHEREAS, Humboldt County initiated the zoning ordinance changes to implement its General Plan Housing Element, which directs the County to amend the Zoning Regulations to allow a grouping or clustering of three (3) or more detached bedrooms with central sanitary, laundry, cooking and dining facilities to be permitted in all zones that allow multi-family dwellings as specified in H-IM40; and

WHEREAS, the Humboldt County Planning Commission held a Public Workshop on the Tiny House Village Ordinance on April 18, 2024. The outcome of that workshop was for staff to incorporate revisions to the draft ordinance, and to hold a second Public Workshop. On May 13, 2023, staff conducted a Public Workshop to take public feedback and adjust the ordinance appropriately. The Humboldt County Planning Commission held a public hearing on the Tiny House Village Ordinance on June 27, 2024, recommending that Staff incorporate specific alternatives and revisions to the draft ordinance, and continued the public hearing to July 18, 2024; and

WHEREAS, the Humboldt County Planning Commission held a public hearing on the Tiny House Village Ordinance on July 18, 2024, and with a 7-0 vote recommended the Board of Supervisors adopt the proposed draft Inland Tiny House Village Ordinance; and

WHEREAS, On Tuesday, August 6, 2024, a notice was published in the Eureka Times-Standard, a newspaper of general circulation in Humboldt County, for adoption of the Tiny House Village Ordinance by the Board of Supervisors at their meeting of August 20, 2024; and

WHEREAS, the Humboldt County Board of Supervisors held a public hearing on the Tiny House Village Ordinance on August 20, 2024.

NOW, THEREFORE, IT IS HEREBY RESOLVED that the Board of Supervisors makes all the following findings:

CONSISTENCY WITH THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA).

1. FINDING: The proposed zoning amendment is exempt from environmental review under §15061(b)(3), activities that can be seen with certainty to have no possibility for causing a significant effect on the environment.

EVIDENCE:

- a) The ordinance allows multi-family residential at a density already allowed by the Zoning and General Plan.
- b) The ordinance allows these residential uses in commercial zones, in locations compatible with the zone and at a density which would not exceed the intensity of development allowed in the Zone or General Plan.
- c) In situations where water and sewer are not available, a discretionary permit is required to ensure adequate analysis is provided prior to development.
- d) The location of Tiny Home Villages is limited to areas where there are adequate roads and zone districts that will be within developed areas. These will not have the potential to be growth inducing or have unforeseen impacts due to location.

PUBLIC INTEREST.

2. FINDING: Humboldt County Code Section 312-50.3.1, the Humboldt County General Plan, and state General Plan Law stipulate that amendments to the zoning code must be in the public interest. Adopting the Tiny Home Village Ordinance is in the public interest. The intent of the ordinance is to increase housing diversity and encourage the

development of low-cost housing and is therefore in the public interest.

- EVIDENCE:**
- a) The Humboldt County Housing Element recognizes there is a need for different types of housing available to different income groups and identifies a Tiny Home Village ordinance as a means to address this need to allow for alternative housing styles.
 - b) Tiny Home Villages can currently be permitted under the existing Zoning Ordinance provisions. The adoption of this ordinance will create provisions and standards to make it clear where and how these units can be developed.
 - c) The ordinance includes provisions to protect the public health, safety and welfare. When water and sewer are not available, a discretionary permit is required to use a well and septic system.

CONSISTENCY WITH THE GENERAL PLAN.

- 3. FINDING:** Humboldt County Code Section 312-50.3.2 states that amendments to the Zoning Code must be consistent with the General Plan. The proposed Inland Tiny House Village Ordinance is consistent with the General Plan.

- EVIDENCE:**
- a) The Tiny House Village Ordinance implements the Housing Element. The proposed ordinance incorporates the Humboldt County General Plan's goals, policies and standards as directed in Policy H-P31. Policy H-P31 directs the County to improve housing diversity and encourage development of new low-cost housing by amending the Zoning Regulations to allow tiny house villages as a type of multi-family dwelling allowed in zoning districts that allow other residential dwellings of the same type and specify development and performance standards to protect public health and safety.
 - b) Implementation Measure H-IM40 directs the County to amend the Zoning Regulations to allow a grouping or clustering of three or more tiny houses or moveable tiny houses as multi-family dwellings to be permitted by right in all zones that allow multi-family dwellings. A grouping or clustering of three or more detached bedrooms with central sanitary, laundry, cooking and dining facilities shall also constitute a tiny house village, and shall be permitted by right in all zones that allow multi-family dwellings. Tiny house villages shall meet objective development and performance standards to protect public

health and safety, including density of occupation, setbacks, buffers and screening, lighting, and off-street parking.

- c) The ordinance will allow for principally permitted tiny house villages in residential zones that allow for multi-family dwellings and commercial zones in line with state allowances for residential development, and with a Conditional Use Permit in other zones that allow for similar housing types. This ordinance will not change the density requirements of the General Plan.

CONSISTENCY WITH STATE PLANNING LAW.

- 4. FINDING:** Humboldt County Code Section 312-50.3.4 requires any proposed amendment must not reduce the residential density for any parcel below that utilized by the Department of Housing and Community Development in determining compliance with housing element law unless specific findings are made. The proposed amendment does not limit the number of housing units which may be constructed on an annual basis.

- EVIDENCE:** a) The Tiny House Village Ordinance does not reduce residential density for any parcel utilized by the Department of Housing and Community Development in determining compliance with housing element law.
- b) The allowance of this use will not alter residential density of parcels within Humboldt County and therefore will not impact the residential density of Humboldt County.

The foregoing Resolution is hereby passed and adopted after review and consideration of all the evidence on **August 20, 2024**.
