I believe that rail is essential for the future economic health of Northern California. Protecting rights of way, infrastructure, and encouraging useage is extremely important.

The operation of the southern part of the system is working well. Restoring and rehabilitating the damage to the fisheries caused by rail failure in the middle part would be a priority.

In the northern part, I would like to work with organizations such as Timber Heritage to utilize existing infrastructure. Possibly getting to the point of having excursion trains around the bay, and south to Fortuna.

I am currently serving as the "At Large" representative for the NCRA since 2013. I am currently the Vice President and have a perfect attendance record. I am also an elected Harbor Commissioner for Humboldt Bay and serve as President of the Board. The information I gather from the NCRA is invaluable for future Port Development and I share publically through my Blog, "Samoasoftball." Both of my above references worked on the Rail line in Humboldt until it's closing.
