To: Humboldt County Code Enforcement Unit  
3015 H Street  
Eureka California, 95501

Pursuant to Humboldt County Code Section 352-17, I am requesting a hearing to contest the amount of the administrative civil penalty assessment proposed to be levied against the property on which the violation occurred or exists in order to collect the final administrative civil penalty and recover the administrative costs and/or attorney's fees associated with the actions taken by the Humboldt County Code Enforcement Unit to impose the administrative civil penalty.

[Brief statement of the material facts that the requesting party claims support the contention that the amount of the administrative penalty, and/or the administrative costs and/or attorney's fees associated therewith, are inappropriate under the circumstances of this case]:

*I feel the fine that is being given is inappropriate. Once we were given notice that things needed to be cleaned up, we have spent countless hours doing so. We have a growing family with a 9th child on the way and we were hoping to pull the proper permits to build a home more suited to us. Receiving this notice has put a lot of stress and financial pressure on us, in an uncertain and difficult time. If what we have over-*

already done is still not enough, then we would like clarification as to what else needs to be done, and in addition, we would like to know what part of this could be remedied by pulling the proper permits to build a home.

*Thankfully a chance to share the whole story. Without any lying person present. The request is for a false claim of dumping TVs, housing on running vehicles, to pieces salvaged lumber to use at my place, & a barn which I moved w/o permit. These charges are grossly exaggerated.*
