---

Hello Supervisors,

I attempted to call in today during public comments on the agenda item and was not able to speak live on the phone. Karen Underwood here from the Humboldt Tails Council throwing our support behind this land acquisition. We too, want to thank Public Works, Deputy Director Seemann, and the Board of Supervisors for making this addition possible. We look forward to partnering with you with our VTS program. Generations beyond our current one will benefit from this addition. THANK YOU!
