Here is a map of all cannabis applications that was mapped in Jan 2018

Would be needed to update with 2.0 and current project

Would be easy to get a student/ intern to assist at only a few hours work.

However, the Jan 2018 footprint is much much smaller than those existing 2021 operators and those "in the running"

<https://arcg.is/LLbGS>

Please let me know how I can expedite and facilitate mapping and data analysis to help inform your decisions and policy with actual data

For the love of Humboldt

Hey Patricia.

I have the approved permits extracted and mapped here:

<https://arcg.is/LLbGS>

I still have some cleanup to do on the full application list, but should get those finished soon. I'll let you know when I get them up and we can discuss details of the map.

I'll get you an invoice soon.

Cheers,

Jason

hi were you able to import this?
if not let me know and i can get the data set up in a more digestable form
also please send us an invoice
thanks
