

**PROJECT NOTES**

- 1) This map represents a proposed Lot Line Adjustment between APN 223-141-010 (Sanders) & APN 214-141-001 (Hurlbutt). The existing Sanders parcel configuration is per an approved Lot Line Adjustment shown on Book 69 of Surveys, Page 78. The Hurlbutt parcel involved in the Lot Line Adjustment is the East Half of Section 36, Township 3 South, Range 3 East, lying southeasterly of the centerline of the State Highway.
- 2) The purpose of this Lot Line Adjustment is to achieve an equal exchange of acreage between these 2 parcels as part of an agreement to bring PG&E power to the Sanders parcel.
- 3) The Sanders parcel was created by Lot Line Adjustment in 2002 per the Notice of Lot Line Adjustment recorded as Doc. 2002-38342-3. The Hurlbutt parcel is the portion of an original patent parcel lying southeasterly of State Highway 101.
- 4) Existing easements of record shown hereon are based on information contained in a Preliminary Title Report prepared by Humboldt Land Title Company, Title No. FHBT-CT02100360V, dated 12/3/2021. **All easements of record are shown on this Tentative Map and will appear on the recorded subdivision map.**
- 5) Boundary lines shown hereon are based on ties to record monuments per Book 69 of Surveys, Page 78.
- 6) Due to the differing zoning of the areas to be adjusted, a Zone Boundary Adjustment will be required as part of the Lot Line Adjustment.
- 7) An "RPF Letter" by Hohman & Associates is included with this application regarding the suitability of the area to be added to the Sanders parcel and changed to TPZ zoning to shown compliance with Public Resources Code Section 4561.
- 8) The Hurlbutt parcel is encumbered by a Williamson Act contract. Per County Code Section 51257(a), the current contract will be rescinded and a new contract entered into simultaneously.
