DISCUSSION:

On January 23, 2024, the Board ratified the Proclamation declaring the existence of a Local Emergency commencing around January 12, 2024 due to historic flooding of the Mad River, combined with countywide flooding of small creeks and streams caused by an atmospheric river, causing extensive damage to local infrastructure, damaging numerous culverts, causing slip outs, cracking and degradation of county roads, and damaging numerous private residences, businesses and agricultural land.

Due to the extent of damage countywide, Department of Public Works crews are actively engaged in conducting emergency road repairs, exploring options for alternative routes, and cleaning up storm and flood debris along public rights of way.

This Local Emergency Proclamation is a prerequisite to requesting state and federal assistance for the flood-related response and recovery efforts.

The conditions due to flooding in Humboldt County continues to exist and necessitates the need to extend the proclamation of the existence of a local emergency.

FINANCIAL IMPACT:

The adoption of the resolution allows for the county to seek state and federal funding that may be applicable, which may include funding from the California Public Utilities Commission, the California Disaster Assistance Act and the Stafford Act.

STRATEGIC FRAMEWORK:

This action supports your Board's Strategic Framework by providing for and maintaining infrastructure.

OTHER AGENCY INVOLVEMENT:

State of California, United States Federal Government.

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board of Supervisors may choose not to ratify the proclamation, however, that would preclude the county from seeking outside assistance emergency programs to provide funding for storm damage response efforts.
