Case number SP-16-1666  
Application number 11171 (filed 9/28/16)

To whom it may concern,

We live several parcels down from Lagniappe Farms, Inc. and have had good relations with Renen Barrett in all the years he has been here.

He is a hard worker and very responsible for himself, his property and his family. He has helped us innumerable times with tasks that were too much for us, plus has given us wood when we needed it. He is open to helping neighbors, open to discussion of projects, open to whatever we neighbors need to discuss. He is always willing to put the extra time and effort to fulfill his part.

This period of Licensing has been difficult. We want to say that knowing Renen and the work and time he has put into this project, plus the admirable upkeep and maintenance of his property and all that you have required of him, he definitely deserves your approval.

Re: Lagniappe Farms application to grow cannabis

This letter is submitted in support of Lagniappe Farms quest to acquire a permit to grow cannabis.

We consider ourselves extremely fortunate to have Mr. Barrett and his family as our neighbor. He has shown himself to be a good steward of his property and a wonderful neighbor. In deed, he has been a tremendous help to my wife and I this past year, during which time I was incapacitated due to illness. His caring and concern for his own property has been reflected throughout our neighborhood and extended community.

We, therefore, encourage the issuance of this permit to Mr. Barrett.

Sincerely,

*Steven Blahnik*

*Katherine Wolff*
