funding. It funds the Immunization Program for the period of July 1, 2015 – June 30, 2017 in the amount of \$182,064, or \$91,032 per year. Sections 120325-120380 of the Health and Safety Code, Chapter 435, require immunizations against childhood diseases prior to school admittance. Local Health Department Health Officers are required to organize and maintain a program to make the required immunizations available. Public Health meets these requirements by providing immunization clinics at three different locations throughout the county.

The goal of the Public Health Immunization Program is to raise immunization levels among infants, preschool age children, kindergarten entrants and incoming transfer students; to provide provider education, prevention, surveillance and outbreak control; to reduce, and if possible eliminate illness, disability and death due to vaccine preventable diseases within Humboldt County.

This Agreement is coming to your Board after the start date due to late receipt from the state.

FINANCIAL IMPACT:

Approval of the Agreement with CDPH will allow Public Health to be reimbursed for up to \$91,032 per year for Fiscal Years (FY) 2015/16 through 2016/17 in Fund 1175-428 - Immunization Program. The Agreement is an increase of \$13,859 per year from the previous amount of \$77,173. While these funds were not anticipated to be received from CDPH, we did anticipate that the total program costs would exceed the grant amount. The additional costs were budgeted to be covered with a transfer of immunization fees. The new award amount will decrease the need for this transfer. The additional amount for FY 2016/17 will be incorporated into the budget process.

This Agreement supports the Board's Strategic Framework by protecting vulnerable populations and providing community-appropriate levels of service.

OTHER AGENCY INVOLVEMENT:

California Department of Public Health

ALTERNATIVES TO STAFF RECOMMENDATIONS:

Your Board could choose not to approve the Agreement with CDPH. However, this is not recommended as it would result in a loss of funding and services to the community.
