LAND USE 445-7205

LAND USE DIVISION INTEROFFICE MEMORANDUM

TO: Cade McNamara, Planner, Planning & Building Department

FROM: Ken Freed, Assistant Engineer 

DATE: 5/02/2022

RE: GIAIMO, APN 100-241-004, APPS# PLN-2022-17706-LLA

Lot Line Adjustment: The proposed lot line adjustment does not affect any facilities maintained by the Department.

Record of Survey: The corners of the new property lines shall be monumented, pursuant to Section 325.5-9 of the Humboldt County Code. A Record of Survey shall be filed unless this requirement is waived by the County Surveyor. The requirement for a Record of Survey may be waived if, in the opinion of the County Surveyor, any one of the following findings can be made:

- (a) The new boundary line(s) are already adequately monumented of record.
- (b) The new boundary line(s) can be accurately described from Government Subdivision Sections or aliquot parts thereof.
- (c) The new boundary line(s) can be accurately described and located from existing monuments of record.
- (d) The new boundary is based upon physical features (i.e. roads, creeks, etc.) which themselves monument the line.

Informational Notes:

1. Lot frontage improvements to the roadway (such as paved driveway aprons, sidewalk, curb & gutter, parking lanes, lane widening, shoulder widening, road paving, curb returns, curb ramps, etc.) are typically not required as part of a lot line adjustment project. Lot frontage improvements are typically required when building permits (or other development permits) are requested.
