

Statement to The Board of County Supervisors, Humboldt County, California

1. My name is Peter Profant.

2. Today is May 7, 2024

3. On Thursday May 1, 2014 I listened to Shop Talk on KINS. Sheriff Honsal was a guest. He spoke about the recent success he experienced

with police personnel ready to confront trespassers, as a successful tactic so as to avoid actual use of physical forcible removal. Said show of numbers was used to scare the trespassers away at a local education institution where research activity occurs. My wife, Alexandra and I were both listening and applauded his decision and leadership.

4. It has been ten years this month that I, along with my child, Zosine, and my wife, Alexandra, were unlawfully locked out of our home at 367 Shaw Avenue Ferndale California due to the abuse of legal process. The home was host to volunteer guests/artists who were both researchers/investigators, for a 501 (c) 3 education charity The T A H O E Foundation™ The Foundation was hosting primary research, where charity property, and sensitive material were collected by and through said efforts, and lodged in our family's personal effects, at the home.

5. YET- The T A H O E Foundation, nor I, an elder, have yet to have the police/ Sheriffs take any report to help me remove trespassers at my own homes, at 367 Shaw AVenue in Ferndale, or at 8750 Wilder Ridge Road, in Ettersburg. Both place(s) was where research was and still would be being conducted. The rule of law is in our favor to protect and possess both properties.

6. I therefore, ~~allege~~ and plead for help from County, State, Federal Law enforcement in this public setting to assist me to recover my family's homes at 367 Shaw Avenue in Ferndale, California, 95536, and at 8750 Wilder Ridge Road in Ettersburg, California, 95542, post -haste.

7. There persists to be PRESENT DAY TRESPASSING AT 367 SHAW AVENUE FERNDALE CALIFORNIA 95536. This trespassing is causing educational research to be interfered with. THE TAHOE FOUNDATION™, is a 501 (c) 3 Public Charity (its goals and Education Mission includes Alexandra Profant to be one of many artists-investigators conducting primary research in architectural conservation and community planning). This research was being hosted at our historic bungalow, at 367 Shaw Avenue in Ferndale California, where its pedestrian proximity to the Ferndale Museum was tantamount to her research, as both a graduate student, and a foundation director/educator of The T A H O E Foundation™. Research in the building arts was also underway at 8750 Wilder Ridge Road in Ettersburg, California which had begun in our Architecture studio at the University of Colorado in 1996, with a Professor Ron Falide. Since 2009, the research has been interfered with, when discovery of frauds on all of our homes titles, using our names and credit, became evident. NAGPRA protected artifacts used in architectural applications cause a unique type of identity theft and trafficking, where said items have been missing, for years now.
8. My daughter Zosine conducted high school research projects as an FFA Leadership student at Ferndale High School, and a IB Candidate at the Northcoast Preparatory Academy, where historic photography was a part of her projects lodged at our 367 Shaw Avenue Ferndale, California home, where local native grass, she planted at our yard in 2014 was all interfered with due to abuse of the legal process. Persistent harassments at our front door where vandalism of our cars occurred, was terrifying. When Sheriff Honsal spoke on the radio, about his recent effort to remove trespassers from an educational situation where researchers had a right to safely conduct their work, where he used an exhibition of police power to peaceable and effectively remove trespassers to protect the researchers rights to pursue their work in a safe environment, caused my wife and I to wonder why he would not be able to do the same for us, and The TAHOE Foundation research facilities, at our homes in Ferndale, in our structures/on our forestland where we had Zosine, and wintered (1995-2008).
9. Sheriff Honsal also spoke of a pending project to be affected where he will have to return money and not use it, where Fire Safety was a component of the project. Ironically, the research my wife has been conducting might have helped the County, could still help the county in securing funding to establish a criteria, to survey, preserve and protect, county courthouses/jails and assets necessary in an emergency management context; yet further deprivation of our homes prevents this research effort & perpetuates delays in conducting design-build/ architectural-community planning/public policy research.

2 10. "A Foreclosure must stand for prosecution to occur, "

3 I have been witness to this statement made to numerous Judges by D. Alexandra Profant in numerous court rooms in
4 front of numerous Honorable Judges. in Washoe County, Nevada, and in Humboldt County, California.

5 Each Judge who heard this statement, agreed this statement made by my wife in Cases CV 22-00045, WC 00161234,
6 WC00186335, WC00209429, and DR150158, was true, in his/her respective courtrooms in Washoe County, Nevada,
7 and Humboldt County, California.

8 The Prefatory Language of Civil Code Section 1695 Reads:

9 "The (California) Legislature finds and declares that homeowners whose residences are
10 in foreclosure have been subjected to fraud, deception, and unfair dealing by home equity
11 purchasers. "

12 11. In 2014 Profants, Peter, & Alexandra were tortally deemed to be whistleblowers with the Securities &
13 Exchange Commission (SEC) of the United States of America.

14 12. Ten years ago this month, my child was forced to sleep in a tent temporarily at the Ferndale Fairgrounds, due to
15 false court paper being used to allege I, and, my family were unlawfully detaining a home which we had filed a
16 writ of possession with the court as the means to protect our superior right of claim. We also filed a Notice of Lis
17 Pendens to avert further false causes of action, abuse of the legal process. After the illegal lockout our daughter
18 became afraid to leave our home, to go to school. No lawful court paper was ever served to us, at our home, and the
19 paper which was left, to notice us, had frauds on its face. We had not been heard re: false process before a judge, before a
20 locksmith showed up and changed our locks. When we finally had an attorney to assist us in attacking bogus paper
21 never processed in a manner to be official " Process" where he articulated our valid pre-judgment right to our defense
22 in May of 2016, we prevailed- case #CV150874. This was the last unlawful detainer- filed against us, we
23 prevailed, but those wanting our home, persisted to commit heinous crimes against me, my child, my wife, and
24 The TAHOE Foundation, to attempt to run us out of town. Years of harassments persisted ending in collusion and
25 further abuses of the legal process, used to traffick us, and our vehicles from the home, as further tactics used to steal
26 our home, embed themselves at the premises, and pilfer our property, all in distress since 2011 when we attempted to
27 pay off any "loan" causing the "foreclosure" frauds to begin. Our right of superior claim, persists where we have a
28 duty to protect our homes/ possess our homes until the foreclosures are prosecuted. Until this occurs, damages will
persist to mound, altering accuracy in tax assessments/state revenue, where accuracy in our homes' insurable interests
will also persist to be compromised.

13.

After Jennifer Raymond and Steve Avis burglarized my home, and pilfered the most valuable items to keep for themselves, the rest of the contents were then organized into boxes and tagged, to be sold, under the guise, "we owed rents," where pretended title holders have no reversionary rights of recovery, caused Steve Avis and Jennifer Raymond to pay Caroline Titus to publish a false notice in the Ferndale Enterprise in January of 2017, to summon the public to an "auction" where the ad had stated our home had been abandoned. A mock auction ensued on January 25, 26, 27th, in 2017, where Erin & Michelle Woodburn doing business as the Royal Scotsman, who did not possess a surety bond, sold my, my wife's, protected information-charity property, and our child's personal belongings/ from our home, where all of the property, lodged at our home, in 2017, to date, has never been recovered.

14.

It is ten years this month (May 2024) since our family Trust, and my wife, and I have begun paying, and/or accruing residential rents at a private estate on the coast, so as to protect myself and my child, from those who persist to hunt me and my family through California databases, where another one of our Mercedes Benz utility vehicles an ML 320 Vin # 4JGAB54EXXA056447 was being used by my child to transport family forest products and vend them, is, now, missing in action, where police have refused to take a report for the vehicle theft; the registration has been affiliated with the 367 Shaw Avenue Ferndale CA. home for years.

15.

The false charges alleged by Jennifer Raymond in October 2016, which were used to remove me from my home at 367 Shaw Avenue in 2016 were dropped, yet the police have not restored me to my home.

In a Statement issued by the office of The Honorable Maggie Fleming, the reason stated for dropping said false misdemeanor charges made by Jennifer Raymond to Ferndale Police against me, generating a ticket# 16-122, was done so :

"In the Interest of Justice."

This statement was entered into the record on November 21, 2019 by Whitney R. Timm, as the attorney and acknowledged/signed by Betty Resendez for The Honorable Maggie Fleming County of Humboldt District Attorney.

16.

I Peter Profant, have an invisible ADA handicap, which requires my home at 367 Shaw Avenue and its utility services to host the assistive technology provided to me by the State of California, where said utilities were interfered with by Steven Avis, Jennifer Raymond, and their respective Attorney assigning a bogus eviction action case # 140791 to me, where a more recent case to address lack of proper servicing was prevailed upon by my attorney, Andrew Stunich where Judge Feeney was presiding, in Case # CV 150874 where said case decision was provided to City of Ferndale Staff, the Mayor, City Council, and the City Manager, as recently as 2023. I allege and have cause to believe Jay Parrish, is/was cognizant and by being provided with these court papers, showing the rule of law is in my favor to possess my home at 367 Shaw Avenue since May 2016.

17.

Per United States Code Statute Chapter 78 Titled TRAFFICKING VICTIMS PROTECTION: I, Peter Profant allege USCS § 7102(6) (E)(F), § 7102(8)(A)(B), § 7102(11)(B), violations have subjected me, to trafficking, my wife, and child, to trafficking, per the descriptions found in these Statutes, such as involuntary servitude by abuse of the legal process. I allege this is actively occurring, and will persist, until and when my home and lands security are restored to me /us for us to resume to peacefully reside and use my/our homes, lands, and the addresses affiliated therewith- in order to secure my family of persons, our papers, and houses (especially to control my chain of title, and, my/our private equity).
