Good Morning,

My name is Jesse Smith and I have been a board member now for 2 years but I have helped participate in various projects and events for about 15 years now. One thing I love about BBBS is the ability to project positivity, mentoring our youth and the sense of community and inclusion. Our board is made up of people from all different backgrounds and viewpoints but at the end of the day, we are friends and we come together to make decisions that will help impact our youth in the most positive way possible. Statistics have shown that a child having a positive influence and mentor keep the kids off of drugs, out of trouble, more likely to go to college and be a positive person in life. I want to thank the BOS for this proclamation today and please continue to support our organization and our community.

Lastly, Florence Parks and Jennifer Maksim have been a huge influence in me and this organization and they deserve all the credit in the world.

Thank you.

Good morning, my name is Monica Rose and I Am the Executive Director for the Boys & Girls Club of the Redwoods. A special thank you to the Board of Supervisors for the recognition of National Mentoring Month. Mentors are extremely important in the lives of youth and adults too! Programs like Big Brothers Big Sisters, CASA and Boys & Girls Clubs play instrumental role in the development of youth in our county. Mentors help guide youth to a positive path and help coach them to success. Youth attend our programs for the attention of caring and passionate adult mentors. On behalf of the club, I thank each of you for recognizing National Mentoring Month with this proclamation!

Best,
Monica
