Subject: public comment for BOS

Dear Brooke,

Thank you so much for your prompt response and help! Here's my comment:

Dear Board Members, I urge you to postpone your vote on making appointments to the Planning Commission until next month. Besides there being no reason to rush this important item, the BOS will in January more accurately reflect the preferences of the public on issues that will impact their future, as revealed by the last election period. Rest on your laurels, BOS, and leave the future to the future board! Thank you.

Subject: Appointment to the Planning Commission

It makes no sense to appoint someone to the Planning Commission for one month. Elected officials and the folks they appoint universally talk about the time it takes to "get up to speed" in order to make well informed and responsible decisions. One month obviously doesn't allow for this.

Subject: BOS Agenda for Tuesday the 18th

Hi,

I am submitting my comment to be attached to the agenda for the December 18th, 2018 Board of Supervisors meeting. I am urging the Board to hold off on making any appointments to special Committees, especially to the Planning Commission. Please reschedule this section of the agenda for a meeting after Steve Madrone assumes office. The Committees and Commissions of the Board are beholden to the Board of Supervisors elected by the voters of Humboldt County. These committees should reflect on the values of the voters.

Sincerely,
Desiree Davenport

Subject: Planning Commission appointments

Please make sure my email is received by the Board of Supervisors.

I urge the BOS to postpone their vote on Planning Commissioners until the new board is seated in January. There are already too many commissioners representing real estate interests. We have seen that current commissioners do not recuse themselves on votes where they have a conflict of interest. We need someone such as Kathryn Donahue who will represent the people of Humboldt County.

The lame duck session of the BOS should not be appointing members of a group such as the Planning Commission that is so important to the future of Humboldt County.
