

**RESOLUTION OF THE PLANNING COMMISSION  
OF THE COUNTY OF HUMBOLDT**

**Resolution Number 25-067**

**Record Number PLN-2023-18353**

**RESOLUTION OF THE PLANNING COMMISSION OF THE COUNTY OF HUMBOLDT MAKING  
THE REQUIRED FINDINGS TO RECOMMEND THAT THE BOARD OF SUPERVISORS ADOPT  
THE INLAND AND COASTAL EMPLOYEE HOUSING ORDINANCES.**

**WHEREAS**, California Government Code Section 65850, et seq. authorizes counties to regulate land use, and to adopt and amend general plans and zoning and building ordinances for such purposes, and sets forth procedures governing the adoption and amendment of such ordinances; and

**WHEREAS**, Humboldt County initiated the zoning ordinance changes herein to implement its General Plan Housing Element, which through H-IM47 directs the County to amend the Zoning Regulations such that they are consistent with California Health and Safety Code Sections 17021.5 and 17021.6, which require local agencies to principally permit employee housing at certain scales as residential or agricultural uses; and

**WHEREAS**, on Thursday September 18, 2025, the Planning Division caused to be published in the Eureka Times-Standard, a newspaper of general circulation in Humboldt County, a Notice of Public Hearing on the proposed zoning amendments regarding employee housing in accordance with Section 65854 of California Government Code; and

**WHEREAS**, the Humboldt County Planning Commission held a public hearing on the Employee Housing Ordinance on October 16, 2025 to receive a report and any supplements to the report on the draft amendment, as well as evidence and testimony.

**NOW, THEREFORE BE IT RESOLVED** that the Planning Commission makes all the following findings:

**REQUIRED FINDINGS OF APPROVAL**

**CONSISTENCY WITH THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA).**

**1. FINDING:** The proposed project is exempt from environmental review.

**EVIDENCE:** a) The ordinance is exempt from environmental review under §15061(b)(3), activities that can be seen with certainty to have no possibility for causing a significant effect on the environment. The proposed amendment only implements existing State Law

amendment would not significantly change that. The change would be an increased permissible housing density within agricultural zones, but such housing would be accessory to agricultural uses.

#### **CONSISTENCY WITH THE COASTAL ACT.**

**4. FINDING:** The proposed Employee Housing Ordinance will not adversely affect Coastal Access, Recreation, Marine, or Land Resources, cause new development that may affect scenic resources, public works facilities, safety, and priority of coastal dependent developments or interfere with or allow industrial development. Further, these amendments conform to Chapter 3 of the Coastal Act, and the proposed Zoning Regulations will be carried out in accordance with the Coastal Act.

**EVIDENCE:** a) The proposed Employee Housing Ordinance will not result in any development that is not already mandated by California Health and Safety Code. Additionally, the proposed amendment is still subject to the Coastal Act for permitting purposes.

#### **CONSISTENCY WITH STATE PLANNING LAW.**

**5. FINDING:** Humboldt County Code Section 312-50.3.4 requires that any proposed amendment must not reduce the residential density for any parcel below that utilized by the Department of Housing and Community Development, in determining compliance with housing element law, unless specific findings are made. The proposed amendment does not limit the number of housing units which may be constructed on an annual basis.

**EVIDENCE:** a) The amendment does not reduce residential density for any parcel utilized by the Department of Housing and Community Development in determining compliance with housing element law. The amendment will not reduce the potential residential density of parcels within Humboldt County.

**BE IT FURTHER RESOLVED** that the Planning Commission recommends that the Board of Supervisors of the County of Humboldt:

1. Hold a public hearing in the manner prescribed by law, and
2. Adopt the Planning Commission recommended amendments to the Inland and Coastal Zoning Ordinance (Sections 314-47.3, 313-47.3, 313-7, 314-5, 314-7, 314-136, and 314-147) as shown in Attachment 2 of this staff report.

The foregoing Resolution is hereby passed and adopted after review and consideration of all the evidence on October 16, 2025.

The motion was made by COMMISSIONER LORNA MCFARLANE and seconded by COMMISSIONER SARAH WEST and the following vote:

AYES: Commissioners: Lorna McFarlane, Sarah West, Iver Skavdal, Peggy O'Neill, Jerome Qiriazi

NOES: Commissioners:

ABSTAIN: Commissioners:

ABSENT: Commissioners: Noah Levy, Thomas Mulder

DECISION: Motion carried 5/0

I, John H. Ford, Secretary to the Planning Commission of the County of Humboldt, do hereby certify the foregoing to be a true and correct record of the action taken on the above-entitled matter by said Commission at a meeting held on the date noted above.

CODE SECTIONS 314-47.3, 314-5, 314-7, 314-170, 314-177, 314-136, AND 314-147**

**ORDINANCE NO. \_\_\_\_\_**

**NOW, THEREFORE**, The Board of Supervisors of the County of Humboldt ordains as follows:

**SECTION 1. PURPOSE OF ZONING REGULATION AMENDMENTS.**

Title III, Division 1, Chapter 4 of the Planning Regulations: adding Section 314-47.3 – Employee Housing, to implement Employee Housing regulations in a manner consistent with the current State requirements as established within California Health and Safety Code Sections 17008, 17021, 17021.5, 17021.6, and 17021.8. Additional changes are made to amend the Regulations for Zoning Districts in Sections 314-5 and 314-7, the Glossary of Use Types in Sections 314-170 and 314-177, and the Definitions in Sections 314-136 and 314-147 in order to maintain consistency both externally with California Health and Safety Code and internally with the proposed Employee Housing Regulations. The intent is to increase the supply of housing affordable to seasonal and permanent residents.

**SECTION 2. Employee Housing**

Section 314-47.3, regarding Employee Housing in Title III, Division 1, Chapter 4 of the Humboldt County Code, is hereby adopted as follows (modifications deleting text are shown in strike out and additions as underlined text):

**314-47.3 Employee Housing**

47.3.1 Purpose. This Employee Housing Ordinance is intended to regulate the establishment of employee housing as governed by the Employee Housing Act, California Health and Safety Code Section 17000 et seq, and to provide procedures and objective standards to facilitate permitting such employee housing appropriately. In the event that any provision in this chapter conflicts with State law, State law shall supersede in that specific conflict.

47.3.2 Applicability. These sections apply when dwelling units are or are proposed to be used as employee housing on behalf of an employer, in the manner described by the Employee Housing Act, California Health and Safety Code Section 17000 et seq.

47.3.6.2.1 The accommodations serve five or more agricultural employees of any agricultural employer(s) for either of the following:

47.3.6.2.1.1 Temporary or seasonal residency; or

47.3.6.2.1.2 Permanent residency in either of the following cases:

47.3.6.2.1.2.1 If the housing accommodation is a mobile home, manufactured home, travel trailer, or recreational vehicle; or

47.3.6.2.1.2.2 If the housing accommodation is subject to State Housing Law, is more than 30 years old, and at least 51% of the structures or, if not separated into units, of the accommodation are occupied by agricultural employees;

47.3.6.2.2 The accommodations are not a single-family dwelling, multifamily dwelling, hotel, motel, or inn. However, if any of the following factors exist, the accommodations may be those unit types:

47.3.6.2.2.1 The housing is offered and rented to non-agricultural employees on different terms from the terms it is offered and rented to agricultural employees;

47.3.6.2.2.2 Negotiation of the terms of occupancy of the housing is not conducted separately between each occupant and either the owner of the housing or a manager of the property employed by that owner;

47.3.6.2.2.3 Any of the occupants are employed by any party with an interest in the housing, such as the owner or property manager;

47.3.6.2.2.4 Any of the occupants have rent deducted from their wages;

47.3.6.2.2.5 The owner or property manager of the housing is an agricultural employer, or an agent of an agricultural employer for the housing;

47.3.6.2.2.6 The occupants are required to live in the housing as a condition of employment or of securing employment;

47.3.6.2.2.7 The occupants were referred to live in the housing by their employer, their employer's agent, or an agricultural employer; or

47.3.6.2.2.8 The accommodation was at any time before January 1, 1984, compliant with the definition of employee housing described by

47.3.10 Employee housing meeting the definitions in Section 47.3.6 is subject to permitting by the California Department of Housing and Community Development.

47.3.11 Employee housing meeting the definitions in Section 47.3.6 shall be interpreted to be included within the definition of "labor camp" as used within this Division.

#### **Agricultural Employee Housing Rehabilitation**

47.3.12 Pursuant to Section 17021(b) of California Health and Safety Code, if directly associated with agricultural employee housing, the following processing requirements apply to building permits and grading permits for the rehabilitation of real property improvements and to Department of Health and Human Services permits for the operation, construction, and repair of water systems or waste disposal systems:

47.3.12.1 Complete applications shall be approved or denied by the appropriate department within 60 calendar days of submittal and payment, in addition to applicable Permit Streamlining Act requirements.

47.3.12.1.1 Denials on procedural grounds may only occur within 30 calendar days. Such procedural denials require itemization of the procedural defects.

47.3.12.1.2 Denials may occur on substantive grounds at any time within the 60 day timeframe. Such substantive denials require itemization of all the substantive defects.

47.3.12.2 If the timeframe from Section 47.3.12.1 is not met, the California Department of Housing and Community Development (HCD) may review and approve the application, at the County's expense.

47.3.12.2.1 Such HCD approval shall be given the same value as local approval.

47.3.12.2.2 The County may later identify defects in the project that would have resulted in denial of the proposal. The County may communicate those defects to the applicant and the applicant shall correct them.

47.3.12.2.3 The County remains responsible for issuing a certificate of completion if applicable and sufficiently resolved.

47.3.13 The processing requirements of Section 47.3.12 do not inherently create an exemption from the California Environmental Quality Act.

**Zoning Clearance Certificates for Eligible Agricultural Employee Housing Developments**

47.3.14.2.2 Within a Very High Fire Hazard Severity Zone, as identified by the State Fire Marshal pursuant to Section 51178 of the California Government Code, or within a High or Very High Fire Hazard Severity Zone as indicated on maps adopted by the Department of Forestry and Fire Protection pursuant to Section 4202 of the California Public Resources Code;

47.3.14.2.3 A hazardous waste site, listed pursuant to Section 65962.5 of the California Government Code or designated by the Department of Toxic Substances Control pursuant to Section 78760 et seq. of California Health and Safety Code. The Department of Toxic Substances Control may, in writing, clear such designations for residential or residential mixed uses;

47.3.14.2.4 Within a delineated earthquake fault zone, as determined and mapped by the State Geologist, unless the development complies with local and State seismic protection building code standards;

47.3.14.2.5 Within a flood plain, as mapped by the Federal Emergency Management Agency (FEMA), unless the development has been issued a flood plain development permit pursuant to: Part 59 and Part 60 of Subchapter B of I of Title 44 of the Code of Federal Regulations;

47.3.14.2.6 Within a floodway, as mapped by the Federal Emergency Management Agency (FEMA);

47.3.14.2.7 Lands under a conservation easement, exclusive of lands identified by Williamson Act contracts;

47.3.14.2.8 Lands identified for conservation based on any of the following:

47.3.14.2.8.1 Adopted natural community conservation plan, pursuant to the Natural Community Conservation Planning Act;

47.3.14.2.8.2 A habitat conservation plan, pursuant to the Federal Endangered Species Act of 1973; or

47.3.14.2.8.3 Another adopted natural resource plan;

47.3.14.2.9 Lands with groundwater levels within five feet of the soil surface if the development would be served by an onsite wastewater treatment system (OWTS) that would serve more than six single-family housing units;

47.3.14.3 The development meets the following development standards:

47.3.14.3.6 The development features an energy source capable of consistently providing at least 20 kilowatt-hours (kWh) per day to each household (Section 17021.8(e)(1)(A) of Health and Safety Code); and

47.3.14.3.7 The development provides indoor living spaces of at least 500 square feet per household, with 250 square feet of additional living space per additional occupant (Section 17021.8(e)(4) of Health and Safety Code).

All these development standards shall be met prior to occupancy of the employee housing development or building permit 'final' issuance.

47.3.15 The County shall provide written notice to the applicant within 30 days of submission if the proposed agricultural employee housing development does not meet the requirements listed in Section 47.3.14. Such written documentation shall identify which requirement or requirements are not met and shall provide an explanation of the reasons the development does not meet those requirements.

47.3.15.1 If the notice is not provided within 30 days, the requirements of subsection 47.3.14.2 shall be deemed to be met. An agricultural housing development is still required to meet the conditions of 47.3.14.1 to remain eligible for a Zoning Clearance Certificate.

47.3.16 The County shall grant a Zoning Clearance Certificate for an eligible agricultural employee housing development, in accordance with this Section, unless the County can make a written finding, based upon substantial evidence, of any of the following:

47.3.16.1 The proposed development does not comply with the development standards, requirements, and conditions set forth in Section 47.3.14;

47.3.16.2 The proposed development is likely to have a specific, adverse impact, as defined in paragraph (2) of subdivision (h) of Section 17021.8 of the California Health and Safety Code, upon public health or safety, and for which the County determines there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact without rendering the development unaffordable to low-income households or rendering the development financially infeasible; or

47.3.16.3 The proposed agricultural employee housing development would be contrary to State or Federal law.

47.3.17 Approval of a Zoning Clearance Certificate for an eligible agricultural employee housing development shall include recording an affordability covenant to the subject property, restricting the rent of the agricultural housing to levels affordable to lower-income households for at least 55 years.

47.3.12.1.1 Denials on procedural grounds may only occur within 30 calendar days. Such procedural denials require itemization of the procedural defects.

47.3.12.1.2 Denials may occur on substantive grounds at any time within the 60 day timeframe. Such substantive denials require itemization of all the substantive defects.

47.3.12.2 If the timeframe from Section 47.3.12.1 is not met, the California Department of Housing and Community Development (HCD) may review and approve the application, at the County's expense.

47.3.12.2.1 Such HCD approval shall be given the same value as local approval.

47.3.12.2.2 The County may later identify defects in the project that would have resulted in denial of the proposal. The County may communicate those defects to the applicant and the applicant shall correct them.

47.3.12.2.3 The County remains responsible for issuing a certificate of completion if applicable and sufficiently resolved.

47.3.13 The processing requirements of Section 47.3.12 do not inherently create an exemption from the California Environmental Quality Act.

## SECTION 4. Glossary of Use Types

Section 313-170.3 through 313-177.13, regarding Glossary of Use Types in Title III, Division 1, Chapter 3 of the Humboldt County Code, is hereby amended as follows (modifications deleting text are shown in strike out and additions as underlined text; unmodified passages are omitted):

### **Glossary of Use Types**

#### **313-170 Agricultural Use Types**

##### **170.3 GENERAL AGRICULTURE**

The General Agriculture Use Type includes cultivation of food and fiber such as field and tree crops, dairying, pasturage, tree farming, horticulture, floriculture, viticulture, apiaries, and animal and poultry husbandry, but not including feed lots, stock yards, slaughter houses, hog farms, fur farms, turkey farms, frog farms, fertilizer works or plants for the reduction of animal matter. General Agriculture also includes large-scale employee housing, as defined in Section 314-47.3.8.

#### **313-177 Residential Use Types**

##### **177.8 LABOR CAMP**

The Labor Camp Use Type refers to the occupancy of five or more farm or timber production employees and their families of any living quarters in association with the performance of agricultural or timber production labor. Labor camps shall be located on the premises where the work is performed and shall have a maximum continuous permitted duration of one year (1 yr) from the effective date of the required Use Permit. Labor camp shall also mean employee housing, as defined in Section 47.3.6, which lacks the requirement to be located on the same premises where work is performed and, if permitted as small-scale or large-scale employee housing, may not require the one year permitted duration limit.

...

##### **177.13 SINGLE-FAMILY RESIDENTIAL**

The Single-Family Residential Use Type includes the residential occupancy of a single detached main building by one (1) family on a non-transient basis, except for rental of single-family dwellings as vacation homes, where the use would not be otherwise different than the uses allowed to be made of single-family dwellings. Single-Family Residential also includes small-scale employee housing, as defined in Section 314-47.3.7, which is not compatible with the vacation home or short-term rental classification.

SECTION 5. This ordinance shall take effect and be in force thirty (30) days from the date of its adoption.
