PLEASE WRITE A BRIEF STATEMENT DESCRIBING WHY YOU'RE INTERESTED IN SERVING ON THE **FIRST FIVE HUMBOLT COMMITTEE**.

The impact of the first years of life have been reliably shown to impact the quality of the future lives of children. Providing a fertile and nurturing environment can ensure a long and fruitful life. As a stepfather to young children I saw the profound impact early reading can have with children. My own childhood was rich in literature and provided a fertile basis for my life, filled with wonder of imaginary and real worlds. I want to see all children reap these riches.

As a paramedic, epidemiologist and especially as a Peace Corps volunteer I was struck with the fragility – and resilience – of young children. I also saw much tragedy in children, young and old.

My first encounter with First 5 was as a health educator for Public Health Tobacco Prevention. I remember voting for the proposition but this was my first experience of the outcome of the election. Learning what First 5 was doing warmed my heart! As an epidemiologist I was asked to participate on the First 5 evaluation advisory subcommittee, on which I have continued to serve. I have served as a First 5 Commissioner since 2023.

I am excited to expand my participation with First 5 as a continuing Commissioner. The early years of life should be years of wonder and joy. First 5 can provide this to our children.

Thank you for considering me for this honor.
