CONSENT AGENDA

1 Humboldt Cannabis Tours

Case Number: SP 17-004

Assessor Parcel Number: 000-000-000 (County-wide)

Humboldt Cannabis Tours is applying for a Special Permit pursuant to Section 311-4 Humboldt County Code for the Planning Director's interpretation of unclear provisions to allow for an agricultural tourism operation that will tour existing and compliant cannabis businesses, as well as traditional tour destinations. Example destinations are cannabis farms, concentrate manufactures, retail outlets, breweries, the redwoods, and local beaches. Tour destinations will include those within the incorporated cities but the permit will apply only to the unincorporated areas of the county. The applicant will obtain a County business license (either a home occupation or address of convenience), and State Transportation Charter Party license from the Public Utilities Commission. Vehicles for tour transport will be stored at a location approved for commercial vehicle storage. The business's administrative functions will be run out of the applicant's home office located in his residence. Employees and customers will not visit or meet at the home office of the applicant. Tour destinations in the unincorporated areas shall meet performance standards for access, parking, ADA compliance, and sanitation whereby the use could be considered an accessory and appurtenant to principal use.

A motion was made by Commissioner Shepherd, seconded by Commissioner Edmonds, to approve the Humboldt Cannabis Tours Special Permit as part of the Consent Agenda. The motion carried by the following vote:

Aye: 7 - Commissioner Morris, Commissioner Edmonds, Commissioner Bongio, Commissioner Levy, Commissioner McKenny, Commissioner Shepherd, and Commissioner Mitchell

2 Wonderland Nursery Conditional Use Permit

Case Number CUP 16-864

Assessor's Parcel Number (APN) 033-271-004

705 US Highway 101 #1, Benbow Area

The project is a Conditional Use Permit to allow for the operation of a medical cannabis dispensary that would provide medical marijuana to collective members in accordance with the Humboldt County Code Section 314-55.3 of Chapter 4 of Division 1 of Title III Medical Cannabis Dispensaries. The proposed dispensary will be located within 272 square feet of an existing 1,999 square foot building. The hours of operation for the proposed project will be Tuesday through Saturday, 10:00 AM to 5:00 PM; the dispensary will be closed on Sunday and Monday.

A motion was made by Commissioner Shepherd, seconded by Commissioner Bongio, to approve the Wonderland Nursery Conditional Use Permit subject to the recommended conditions of approval as amended to include implementation of site design features including landscaping and improvements to the building and parking lot compatible to the area. The motion carried by the following vote:

Aye: 6 - Commissioner Morris, Commissioner Bongio, Commissioner Levy, Commissioner McKenny, Commissioner Shepherd, and Commissioner Mitchell

Nay: 1 - Commissioner Edmonds

3 Humboldt Alchemy Group Zone Reclassification and Special Permit

Case Numbers ZR 17-005, SP 16-067

Assessor Parcel Numbers (APNs): 222-091-014, 222-241-009

77 Avenue of the Giants, State Route 254, Phillipsville area

A zone reclassification to change the principal zone from Highway Service Commercial (CH) to Community Commercial Zone (C-2) for the subject parcels. No changes to the existing Design Control (D) or Qualified (Q) combining zones is proposed. Also, a Special Permit is proposed for commercial medical cannabis manufacturing facility inside an existing single story building that will be remodeled as required by the California Building Code. The operation consists of an extraction lab that will occupy an approximately 1,150 square foot interior space of the existing structure with some equipment being installed adjacent to the lab inside a fenced area. The operator will use the CO2 extraction method to produce polished/purified oil that can be formulated for different applications, e.g., vapor pens, tinctures, edibles, and encapsulated doses. The initial qualified-customer product line will be filled cartridges for vapor pens. In addition to the extraction lab, a separate building is used for leaf intake, drying and testing prior to and accessory to the manufacturing use. The operation will initially be staffed on a full time basis by two of the owners, with staffing transitioning to two full time employees. The applicant anticipates maximum staffing levels to be 10 full time employees. Hours of operation will be 6:30 am to 8:30 pm, Monday through Friday, but may expand operating hours to meet manufacturing goals. The final product will be shipped to a Type 11 Distribution facility by a Type 12 Transporter. The subject parcel is served by on-site water and sewage disposal systems. The Zone Reclassification to change the principal zoning of the property from Highway Service Commercial (CH) to Community Commercial (C-2) must be approved by the Board of Supervisors before the special permit for cannabis manufacturing is effective because cannabis activities are allowed on properties zoned C-2, but they are not allowed on properties zoned CH. While the zoning change is proposed for both properties, no development is proposed on APN 214-181-018, which is currently vacant.

*Meeting went into Recess**Meeting Reconvened*

Nay: 1 - Commissioner Mitchell

A two-year extension, in addition to two automatic two-year extensions as allowed by State Assembly Bills 208 and 116, of a Parcel Map Subdivision (PMS-08-014) originally approved December 3, 2009. The project consisted of a subdivision of an approximate 0.9 acre parcel into four (4) parcels between 3,135 square feet (net) and 8,378 square feet (net). A Special Permit is required for an exception to the loading space requirement for commercial development based on the level of anticipated use.
