Dear Briceland neighbors,

As you may know, I am converting my existing bamboo nursery at 6070 Briceland Road to a licensed medical marijuana nursery, to be renamed **Humboldt by Nature** nursery.

Humboldt County's new Medical Marijuana Land Use Ordinance (CMMLUO) requires licensed medical marijuana growing or processing operations be located 300 feet or more from off-site residences.

To obtain a license, I will have to provide the County with waivers from all of my neighbors within 300 feet of my cultivation site.

If you have *any* concerns about my plans for my property and the Humboldt by Nature nursery, I would very much appreciate an opportunity to discuss them at your early convenience.

If you are okay with me going forward with licensing my nursery as a legal cannabis business, please so indicate by signing the waiver form below.

Thank you.
Mikal Jakubal
Humboldt by Nature nursery
707-923-5063

To whom it may concern:

I, the undersigned property owner/resident of Briceland, California, have been informed that Mikal Jakubal (Humboldt by Nature nursery) is applying for a permit to operate a licensed cannabis nursery at 6070 Briceland Road, which is less than 300 feet from my residence. I have no objection to this cannabis business' proposed location and waive the distance requirement.
