Do you have a bachelor's degree in accounting or related field? Please specify.*

I will when I graduate in May 2026. Accounting and Economics degree.

Why are you interested in serving on the Audit Committee?*

I really enjoy Government accounting, and hope to pursue a fulfilling career serving my community.

Please write a brief statement describing why you are interested in serving on the Audit Committee.

Describe how your experience and/or employment qualifies you to serve on the Audit Committee.*

I am top of my class in Accounting and have a lot of practice with GAAP compliance, and analyzing financial statements. I also am studying economics and have a great understanding of micro and macro decision making. On top of my schooling I also have experience in working with finance, business developments, and tax accounting.

Appointees on this committee are required to have an understanding of generally accepted accounting principles and financial statements; the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves; knowledge of or have experience in preparing, auditing, analyzing or evaluating financial statements; and possess an understanding of internal controls and procedures for financial reporting.

Describe any previous committee (or comparable) experience and how it would assist in your ability to serve on this committee.*

I don't have prior experience working for a committee, but in my role at Premier Financial Group I do work very closely with many local non profits. This would assist me in my ability to serve on the committee because government and non profit accounting are similar in nature.

How would you work with other committee members to arrive at decisions?*

If there is a decision that needs agreement from everyone, then firstly I would hear out how and why they arrived to their conclusion. If I agree with their conclusion then I will explain why I do. If I don't agree with their conclusion, I will give my reasons for it. By both explaining our reasoning, we can come to the same conclusion about out decisions.

How much time would you have for this committee each month?*

I would have around 15-20 hours available each month to serve on this committee.
