WHEREAS, On, November 10, 2016, Georgi Aleksandrov submitted an application for a Conditional Use Permit for cannabis cultivation for APN 200-071-008; and

WHEREAS, on January 19, 2023, the Conditional Use Permit approved 22,000 square feet (SF) of existing mixed light cannabis cultivation and 2,800 SF of ancillary propagation. Irrigation water is sourced from a spring diversion. Existing available water storage is 62,000 gallons in a series of hard-sided tanks and two (2) 20,000-gallon bladders, including 5,000 gallons dedicated to fire suppression. Estimated annual water usage is 159,200 gallons. Drying and curing occurs onsite, with all other processing occurring offsite at a licensed processing or manufacturing facility. A maximum of four (4) people will be onsite during peak operations. Power is provided by two (2) generators; however, there are long-term plans for solar and conversion to solar is a recommended condition of approval. A Special Permit for development in the Streamside Management Area (SMA) is also requested for continued use and maintenance of the existing point of diversion and relocation of two (2) existing water tanks outside of the required buffer; and

WHEREAS, the Board of Supervisors, wanting to balance the economic realities of the current cannabis market with the realities of the County, directed a series of actions to address these conditions. That direction resulted in a series of communications to applicants and permit holders to inform them of the needed actions and deadlines to keep their permits in good standing. This included a detailed January 9, 2024 letter, emails, and social media announcements to applicants and permit holders compelling them to bring their account current before March 31, 2024; and

WHEREAS, the above referenced permit had unpaid Department invoice balance of \$1,630.32.

WHEREAS, a letter was sent to the applicants on April 24, 2024 providing notice that the permit had been suspended for lack of payment of the past due balance and that the permit would be scheduled for revocation if not resolved within 90 days; and

WHEREAS, the Board of Supervisors held a duly-noticed public hearing on April 22, 2025, and reviewed, considered, and discussed the revocation of the Conditional Use Permit PLN-11426-CUP, and reviewed and considered all public testimony and evidence presented at the hearing.

NOW, THEREFORE, IT IS HEREBY PROCLAIMED that the Board of Supervisors makes all the following findings:

- 1. FINDING:** **Project Description:** Revocation of a Special Permit for cannabis cultivation on APN 200-071-008 because of non-payment of permit processing fees, causing the permit to be exercised contrary to the terms and conditions of approval and County Code.

EVIDENCE: Project file: PLN-11426-CUP
- 2. FINDING:** **CEQA:** There has been appropriate compliance with the California Environmental Quality Act.

EVIDENCE: The revocation is exempt from environmental review pursuant to Section 15321 of the CEQA Guidelines (Enforcement Actions by Regulatory Agencies).
- 3. FINDING:** The permit has been exercised contrary to the terms and conditions of such approval.

EVIDENCE: Per the operational conditions under PLN-11426-CUP, the applicant is responsible for costs for post-approval review for determining project conformance with conditions prior to release of building permit or initiation of use and at time of annual inspection. The permit holder has not adhered to this requirement to cover all costs generated during the life of this permit. This sum currently amounts to \$1,630.32.
