Hello Jim, I am the assigned planner for the above referenced project located on APN# 315-214-011. The file states the landowner has withdrawn consent for the proposed use of the property. This means the application can not proceed. If you have received consent from the property owner to proceed with the application, please provide that information. If we don't receive this information in 30 days we will proceed with a denial recommendation for this permit. If you would like to withdraw your application, please respond to this email stating that you would like to withdraw your permit application. If you have any questions, please contact me. Thank you,

Andrew Whitney
Associate Planner
Planning and Building Department
Direct: 707-268-3735
