Subject: comment on Amending Ordinance No. 2718 Comprehensive Tobacco Retailer Licensing Ordinance

Hi,

I am not a smoker, though I have people in my family who are. I think this amendment is unnecessary. The low-cost tobacco products that aren't behind the counter already aren't what's driving addiction; largely it's vaping. This ordinance is an idea that sounds good in principle but won't have an effect on the goal of reducing smoking in youth and vulnerable communities.
