

COUNTY OF HUMBOLDT

AGENDA ITEM NO.

C-23

For the meeting of: December 8, 2015

Date: November 19, 2015

To: Board of Supervisors

From:  Thomas K. Mattson, Director of Public Works

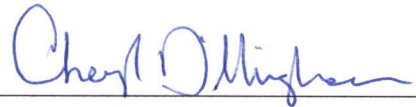

Subject: **Construction Methacrylate Treatment to Six Bridges in Humboldt County,
Project No.: BPMP-5904(120), Contract No.: 214120**

RECOMMENDATION(S): That the Board of Supervisors:

1. Authorizes the Director of Public Works to sign contract change order number 1 for the total amount of \$18,785.22.
2. Approves the attached budget transfer to provide funding.
3. Accepts the completed contract, including all change orders approved by the Public Works Department, between J.F. Shea Construction, Inc., and Humboldt County for the methacrylate treatment project on six Humboldt County bridges.
4. Approves the final claim for payment, as submitted by the Public Works Department to the Auditor/Controller, in the amount of \$2,003.12. This will bring the total amount paid to 100 percent of the contract.

BOARD OF SUPERVISORS, COUNTY OF HUMBOLDT

Upon motion of Supervisor Lovelace
Seconded by Supervisor Bass
And unanimously carried by those members present,
The Board hereby adopts the recommended action
contained in this report.

PREVIOUS ACTION/REFERRAL:

Board Order No. C-12/C-18

Meeting of: January 21, 2014/March 25, 2014

Dated: Dec. 8, 2015
Kathy Hayes, Clerk of the Board

By: 

SOURCE OF FUNDING:

Road Fund – Federal Highway Administration (FHWA) Bridge Preventative Maintenance Program (BPMP)

DISCUSSION:

This project consisted of preparing and placing Methacrylate Resin treatment on the bridge deck of six county bridges. The bridges selected for this treatment were: Canyon Creek Bridge (4C-39) on Maple Creek Road, Salmon Creek Bridge (4C-56) on Salmon Creek Road, Bear Gulch Bridge (4C-156) on Redwood Drive, Freshwater Creek Bridge (4C-177) on Myrtle Avenue, Freshwater Creek Overflow Bridge (4C-238) on Myrtle Avenue, and McNutt Gulch Bridge (4C-243) on Mattole Road. This treatment is expected to extend the life and serviceability of the bridges.

Change order number 1 is an item balancing change order which calculates the total adjusted contract amount. Contract item number 5 overran by more than 25 percent of the original contract amount which requires an adjustment in compensation. An adjustment in compensation was performed using a force account analysis, but it was shown that no savings were realized. The item overrun was accepted at the original contract unit price. These changes are documented in contract change order number 1 for the total amount of \$18,785.22.

On January 27, 2015, the Board of Supervisors authorized the Clerk of the Board to advertise the above-referenced project for bids. On February 24, 2015, the county received four (4) bids for the project. The contract was awarded to J.F. Shea Construction, Inc., the lowest responsible bidder on March 16, 2015. The award amount was \$221,527.05. Change orders through projection completion amounted to an increase of \$18,785.22, which exceeds project contingencies included in the budget by \$7,708.87.

The project conforms to the Strategic Framework of the county by providing for and maintaining infrastructure.

FINANCIAL IMPACT:

Total construction costs for this project were \$240,312.27. This project is being funded through the Federal Highway Administration (FHWA) Bridge Preventative Maintenance Program (BPMP) which will provide 88.53 percent of the total cost of construction. The attached budget transfer provides the additional funds of \$7,709 required to fund the increased costs in the FY 2015-16 Road Fund budget.

OTHER AGENCY INVOLVEMENT:

California Department of Transportation (Caltrans)
Federal Highway Administration (FHWA)

ALTERNATIVES TO STAFF RECOMMENDATIONS:

Not to accept the change order; however, this is not recommended as this work is required for proper completion of the project.
