

COUNTY OF HUMBOLDT

AGENDA ITEM NO.

C-22

For the meeting of: June 20, 2017

Date: May 30, 2017
To: Board of Supervisors
From: Humboldt County Treasurer-Tax Collector
Subject: Revenue Recovery Discharge of Accountability

RECOMMENDATION(S):

That the Board of Supervisors approve Revenue Recovery's application for discharge of accountability for specified debt collection accounts pursuant to Government Code sections § 25257, 25258, and 25259.

SOURCE OF FUNDING:

General Fund

DISCUSSION:

Under the provisions of Penal Code Section 1463.007, Revenue Recovery operates a Comprehensive Collection Program to collect Court Ordered Debt (COD) for the Superior Court of Humboldt County. In addition, Revenue Recovery serves as the collection agent for County departments and victims of crime. Penal Code § 1463.010(c) states that the Judicial Council shall develop performance measures and benchmarks to review the effectiveness of the cooperative Superior Court and County collection programs

Dated: 

By: 
Kathy Hayes, Clerk of the Board

operating pursuant to this section. This section goes on to say that the Judicial Council shall report to the Legislature annually on the extent to which each court or county is following best practices for its collection program. One of the best practices recommended is the implementation of a process to discharge accountability for uncollectable court ordered debt. It is a prudent practice for Revenue Recovery to take steps to discharge uncollectable debts that accumulate over time and one that supports the Board's strategic framework of managing resources to ensure sustainability of services. Discharging debt that meets the qualifications for discharge allows Revenue Recovery to focus on enforcing laws and regulations through the collection of more recent and more collectable debt.

Government Code § 25257 authorizes a county department, officer or employee to apply to the Board of Supervisors for a discharge of accountability for the collection of both county debts and court ordered debts. To qualify for discharge, the amount of the debt must be too small to justify the cost of collection or the likelihood of collection thereof does not warrant the expense involved. Government Code § 25258 sets forth the elements of the application: the names of the debtors (unless disclosure of the name is proscribed by law), the amounts of the debts, the grounds for the discharge and a verified application for discharge. Provided these elements are met, under Government Code § 25259, the Board of Supervisors may make an order discharging the department from further accountability and direct the county auditor to adjust any charge against the department in a like amount.

Attachments 1 and 2 to this report comprise the Application for Discharge of Accountability and identify a total of 4382 accounts with a total balance of \$3,133,255.51. The discharge from accountability does not constitute a release of the debtor's liability for payment of any amount. Should any money be received on any of these accounts, the individual account will be credited.

Un-collectability is determined by an individual review of each account assessing the cost effectiveness of continued efforts. The determination that all collection efforts have been exhausted and the likelihood of collection does not warrant the expense is based on the following criteria:

- Revenue Recovery has exhausted collection efforts, the account has been referred to the Franchise Tax Board Court Ordered Debt Collection Program and/or Inter-Agency Intercept Program (Tax Intercept), and/or a third party collection agency and results have been unsuccessful;
- The account was established more than 10 years ago;
- The debt has been discharged via bankruptcy proceedings;
- The defendant/debtor is deceased and there are no attachable assets;
- The balance of the account is too small to justify the cost of collection;
- The defendant has been deported or otherwise resides outside of the United States.

This year's application for discharge of accountability represents uncollectable debt dating back as far as 1995. Revenue Recovery did a comprehensive analysis of its debt and determined that uncollectable debt in the category of accounts originating ten or more years ago totals 3594 accounts in the amount of \$2,462,530.00 and a time period of December 1995 to April 2007. Revenue Recovery has exhausted all collection efforts, these accounts have been referred to the Franchise Tax Board Court Ordered Debt Collection Program and/or Inter-Agency Intercept Program and/or a third party collection agency and results have been unsuccessful. Of the debts that fall into this category \$2,360,616.31 is Court ordered debt and \$101,913.69 is debt owed to the county.

Revenue Recovery determined accounts assigned prior to May 11, 2013, with a balance of less than \$25.00 are too small to justify the cost of further collection efforts and are unlikely to net collection results. Accounts in this category total 101 accounts totaling \$164.94 with an average balance of \$17.33 for the time period of December 1995 to December 2013. Of the debts that fall into the category of balances less than \$25.00, \$155.94 is Court-ordered debt and \$9.00 is debt owed to the county.

Revenue Recovery determined that 748 accounts totaling \$642,160.73 are due to deceased individuals for whom it has been determined that no attachable assets remain. Court ordered debts account for \$637,096.52 in this category while debts owed to the county account for \$5,064.21 of this category.

Revenue Recovery determined that 30 accounts totaling \$28,399.84 are uncollectable. Collection efforts have been exhausted and accounts have been cancelled.

Since 2011 it has been the practice of Revenue Recovery to bring an application for Discharge of Accountability before your Board annually.

FINANCIAL IMPACT:

There is no financial impact anticipated. Should any money be received for any of these accounts, the individual account will be credited.

The proposed discharge supports the Board's Strategic Framework by enforcing laws and regulations to protect residents.

OTHER AGENCY INVOLVEMENT:

Humboldt County Superior Court

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The alternative would be to leave the account in an "active" status, where they would be reported as part of active accounts receivable statistics. For COD accounts it would mean that Revenue Recovery is not meeting one of the performance measures established for comprehensive collection programs.
