PERFORMANCE STANDARDS

Performance Standard	Compliance	Notes	Deadline
Monofilament netting	NON-COMPLIANT	ISSUE: We observed monofilament netting on the ground, mixed into various refuse and cannabis waste. Refer to images attached to soil management section of report.	
		REMEDY: Store Monofilament netting so that it is inaccessible to wildlife, OR remove synthetic netting to a waste processing facility.	
Soil management, compost, plant waste, refuse	NON-COMPLIANT	ISSUE: We observed substantial refuse throughout the property. Cannabis waste was piled on top of refuse, and monofilament netting was mixed in with the cannabis waste and refuse on the ground. Perlite soil dumped on ground in front of trailer.	08/03/2022
		REMEDY: Contain refuse, including monofilament netting, so that it is not accessible to wildlife, OR remove from site to a waste processing facility. Contain cannabis waste in designated compost area indicated on site plan. Provide photo-evidence of refuse, cannabis waste, and synthetic netting properly managed within two weeks.	
Water meter(s) installed and records available	NON-COMPLIANT	ISSUE: Within two years of project approval a water meter is to be installed. We observed no water meter installed.	10/17/2022
		REMEDY: Install a water meter and provide time-certain photographic evidence within 60 days.	
Water storage	NON-COMPLIANT	ISSUE: Pond requires wildlife exit ramp and/or a perimeter fence.	09/20/2022
		REMEDY: Install wildlife exit ramp and/or perimeter fence within two (2) months.	
Completed necessary conditions prior to operating	COMPLIANT
