

VICTIMS OF CRIME ACT (VOCA) VICTIM ASSISTANCE FORMULA GRANT PROGRAM
MATCH WAIVER REQUEST

Cal OES Subrecipients may request a partial or full match waiver. Approval is dependent on a compelling justification. To request a partial or full match waiver, the Subrecipient must complete the following:

1. VOCA Victim Assistance Formula Grant Program Award Number: 2019-V2-GX-0053
2. Cal OES Subaward Number: VW21390120
3. Subrecipient's Name: County of Humboldt
4. Grant Subaward Performance Period October 1, 2021 through September 30, 2022
5. VOCA Victim Assistance Funds Awarded: \$ 190,000
6. Amount of Cash Match Proposed (post-Match Waiver): \$ 0
7. Amount of In-kind Match Proposed (post-Match Waiver): \$ 0
8. Total Amount of Match Proposed (sum of #6 and #7): \$ 0
9. Briefly summarize the services provided:

Available services are accompanying and assisting clients during court hearings and testifying via Zoom or in person from the DA's 4th Floor law library and VW 5th Floor Conference room. Assisting in transportation needs for court and victim impact statements via e-mail, telephone or Zoom video conference. Encouraging and assisting clients to sign up for VINE. Assistance in opening CALVCB victim of crime application via email, mail, or by faxing. Crisis intervention, referrals to community partners, completing CDCR 1707's, and court watch/update for clients.

10. Describe practical and/or logistical obstacles to providing match:

A large portion of the general fund is based off of state and local sales tax revenue. Statics are already showing a significant drop in sales tax revenue. Due to our cash match dollars coming from Humboldt County's general fund, having to provide the total match funding may take away from the general funding that supplies salary and benefits to employees and potentially assist in creating a large employee lay-off situation. Resources we would be able to utilize as an in-kind match are currently being utilized or have not reopened since the pandemic began.

11. Describe any local resource constraints to providing match:

During the national pandemic and the practices of social distancing many local resources were anticipating a temporary closer and have reopened but with very limited spacing due to the needs of the community or have remained closed. The various community resources that were already stretched in the our rural community that we would be able to make partnerships with are asking for aid during this time in order to remain open or reopen fully.
