DISCUSSION:

The Board of Supervisors has authorized DHHS to prepare and administer the Humboldt County Medi-Cal Managed Mental Health Care (HCMCMMHC) Plan for the County. Since April 1998, DHHS has contracted with qualified Specialty Mental Health Providers who have historically served the Fee-for-Service Medi-Cal population. In so doing, the HCMCMMHC Plan has been able to: assure beneficiary choice of clinically appropriate Providers; maintain access to care standards which are equal to or better than, Pre-Phase II turn-around times; meet the County's commitment to cause the least disruption to existing professional relationships; and establish a Provider Network for referrals of those clients whose needs may be met in the community rather than at DHHS.

HFSC has demonstrated expertise in providing assessment, evaluation, individual therapy, group therapy, case management, mental health plan development and mental health rehabilitation services to eligible adult and child Medi-Cal Beneficiaries.

The current Agreement with HFSC terminates June 30, 2012 and was approved by the Board of Supervisors on June 22, 2010, Agenda Item C-25. DHHS wants to continue contracting with HFSC for the provision of these mental health services to child Medi-Cal Beneficiaries. Therefore, DHHS recommends that the Board of Supervisors approve and authorize the Chair to sign this new agreement (Attachment 1) with HFSC for fiscal years 2012-13 and 2013-14.

FINANCIAL IMPACT:

The Agreement with HFSC for the provision of mental health services has a total contract value of \$74,200 per fiscal year. Projected expenditure estimates for fiscal year 2011-12 for these contracted services is \$37,620. To ensure service capacity, the contract value will remain unchanged.

The related expenditures and revenues have been included in the proposed budget for DHHS Mental Health Branch Administration Budget unit 1170-424 for FY 2012-13. Revenue for this Agreement is available through State Realignment for Mental Health Managed Care and State Early Periodic Screening Diagnosis and Treatment (EPSDT), and Federal Medi-Cal Financial Participation. There is no impact on the County General fund.

If Federal, State or local funding is reduced or eliminated, the maximum value of this Agreement may be reduced or eliminated.

The service provided under this agreement will help ensure continued opportunities for improving safety and health by providing vulnerable members of the community with efficient access to Mental Health Services.

OTHER AGENCY INVOLVEMENT:

None.

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board could choose not to approve this agreement. However, since the provision of Specialty Mental Health services to all Medi-Cal beneficiaries meeting the medically necessary criteria is, and will remain,

the responsibility of the DHHS, the inability to contract with and subsequently maintain a Provider Network would result in the need of DHHS to provide these services directly. This is not a realistic alternative however, as the current Short-Doyle Medi-Cal population is already utilizing the DHHS's maximum clinical, clerical and physical resources.
