Hi Ava,

This comment is in regard to the recent Facebook posting;

The Planning Commission is requesting community feedback regarding the issuance of a Conditional Use Permit pertaining to new signage at the former KMart/Rays Food Place location.

I have viewed to mock ups and support them. It's nice to see one business is actually trying to clean up that area and make it look like nice.

Thank you for asking... Cliff VanCott

Good Morning Ms. Vasterling,

As a resident of McKinleyville, I urge the Humboldt Planning Commission not to allow the currently proposed McKinleyville U-Haul Signage. The large amount of signage requested is overkill and unnecessary, and horrible to look at on top of the existing blight that area already is in McKinleyville.

Sincerely,
Julie Perata

PLN-2024-19002 U-Haul Signage

I would like to register a vote for the U-Haul signage in McKinleyville. I am 100% in favor of all the signs that they have applied for permits for. (vm 8/19/25 at 4:42 p.m.)

Hello Alice,

It is my understanding that the McKinleyville UHAUL Storage planned to give 24/7 access to patrons when a security system was put in place to give access to the storage units.

Shortly after the facility opened for business I rented a unit only to find out I would not have 24/7 access as the huge sign on the front of the building claims! In fact- access was only granted by an employee who is on the other end of the parking lot in the UHAUL storefront- meaning delays getting in and out of my storage waiting on them to unlock the second lock on my unit and relock the second lock on my unit when finished. None of this was explained when signing a contract to rent the unit!

The 24/7 access sign is false advertising and should be removed!!!!

Thank you,

Melinda Bacon

Him

I just received notice about the proposed changes to the UHaul storage facility signs. One thing I noticed in the renderings was that the trees had been removed from the mockups of the designs.

Is removing the trees in the parking lot part of the consideration involved in placing the signage on the building?

Thank you for any assistance you can provide with my question.

Warm Regards,

Rob Christensen
