- 10) Please write a brief statement describing why you are interested in serving on the Humboldt County Behavioral Health Board:

By accepting this position, please be aware that you are committing to attending 10 meetings per year and working on at least one subcommittee.

I have been interested in serving on the Humboldt County Behavioral Health Board for some time to bring a perspective from the field of education. For twenty years I have had roles at the Humboldt/Del Norte Special Education Plan Area (SELPA) and Humboldt County Office of Education (HCOE). My doctoral training is in school and counseling psychology, and I am credentialed in the state as a school psychologist and educational administrator. My focus has always centered around behavioral health and wellness, assisting with interventions from intensive individualized to whole-systems improvement. My current position as Director of Prevention and Intervention Services at HCOE is, in part, focusing on an integrated system of care

Current Date: 11/21/24

Signature: Peter Stoll Ph.D.
