2. Authorizes the Purchasing Agent to dispose of the surplus property. Deposit the revenue from the sale in the appropriate revenue account.

SOURCE OF FUNDING: N/A

DISCUSSION: The above referenced vehicles were inspected by the Equipment Superintendent and were determined to be in need of replacement. The two dump trucks have been replaced and removed from service to meet the requirements of the Public Fleet On Road Diesel Emission Regulation mandated by the State of California. The pursuit utility vehicle was replaced due to a traffic accident. The two bituminous sprayers are obsolete with parts supply unavailable.

The sale of these vehicles and equipment supports the Board's Strategic Framework by managing resources to ensure the sustainability of services that County Departments provide to the public by providing safe, dependable transportation.

FINANCIAL IMPACT: Revenue from the sale of the two surplus dump trucks and the two bituminous sprayers will be deposited in the Roads Heavy Equipment ISF (3540330-682938) and the sale of the Ford Utility Pursuit vehicle will be deposited in the Motor Pool Replacement ISF (3500351-682938).

OTHER AGENCY INVOLVEMENT: None

ALTERNATIVES TO STAFF RECOMMENDATIONS: The sale of property could be postponed.
