

25-411

Humboldt County Board of Supervisors

5-1-25

The Garberville Vets Hall has played a vital part of the civic processes of our community. It has been the venue of countless public meetings covering every possible topic relating to our lives. Candidate forums, public hearings on planning, environmental scoping sessions, senior housing planning, community safety. The Hall was a site for our community members following possible large earthquakes or fires or floods. It acted as an emergency center for Southern Humboldt.

The Hall created space for many cultural benefits including, non-profit meetings, fundraisers and celebrations of the many big junctures of clubs and of organizations.

Music and Drama productions had the ability to practice at the hall and occasionally even perform. Dance classes were located there. Artists displayed their painted canvases, sculptures, photos, and knitting.

Enough with the one more vote shuffle. The Garberville John Haynes Memorial Veteran's Hall was perfectly fine, until the county officials failed in their promise to maintain it properly and then failed to mitigate the roof leaks when they were told they were happening. The Board of Supervisors has promised many times to rebuild it and provide our SoHum veterans and community with a new hall, and even that has been diminished in size and quality, compared to what existed before.

The county takes our Southern Humboldt tax dollars and occupancy tax and spends it on Northern Humboldt. It's time for the Board of Supervisors to follow thru on their commitment to rebuild our Vet's Hall.

Sincerely

J. Eng

Enough with the one more vote shuffle. The Garberville John Haynes Memorial Veteran's Hall was perfectly fine, until the county officials failed in their promise to maintain it properly, and then failed to mitigate the roof leaks when they were told they were happening. The Board of Supervisors has promised many times to rebuild it and provide our SoHum veterans and community with a new hall, and even that has been diminished in size and quality, compared to what existed before.

The county takes our Southern Humboldt tax dollars and occupancy tax and spends it on Northern Humboldt. It's time for the Board of Supervisors to follow thru on their commitment to rebuild our Vet's Hall.

Sincerely

Patricia Kimes

The Garberville Vets Hall has played a vital part of the civic processes of our community. It has been the venue of countless public meetings covering every possible topic relating to our lives. Candidate forums, public hearings on planning, environmental scoping sessions, senior housing planning, community safety. The Hall was a site for our community members following possible large earth quakes or fires or floods. It acted as an emergency center for Southern Humboldt.

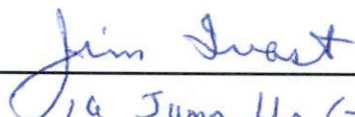

The Hall created space for many cultural benefits including, non-profit meetings and fundraisers; celebrations of the many big junctures of clubs and of organizations.

Music and Drama productions had the ability to practice at the hall and occasionally even perform. Dance classes were located there. Artists displayed their painted canvases, sculptures, photos, and knitting.
