Garberville Sanitary District Requirements for Discontinuance of Service

1. A \$500 water and \$200 Sewer discontinuance fee is due at time of application or monthly service charges and associated late charges will accrue with payment required monthly and if non-payment occurs, GSD will pursue every allowable legal option including discontinuance of service, requiring a new connection fee.
2. If you discontinue service without paying the monthly service charges or annual discontinuance of Service fee, there will be a connection fee due before any service will be provided to the property or you must pay all past service charges; whichever is greater.
3. If you choose to disconnect service but want to eliminate future connection fees you can continue making monthly service charges or pay an annual disconnection fee which will keep your account active without paying a monthly service charge.
4. Discontinuance Fees must be approved by the General Manager or designee.

Please Contact District Office for options available

By signing this Discontinuance of Service Application I acknowledge that I will not have water/sewer service and may have to pay a new connection fee for service if not approved.
