Transportation's Local Assistance Procedures Manual. A preliminary scope of services, required qualifications and evaluation criteria, have been developed so the Department may select and rank consultants to provide needed professional land surveying services on an on-call basis.

Once the review, evaluation, selection and contract negotiation processes set forth in the attached RFQ have been successfully completed, the Department will return to the Board of Supervisors seeking to award consultant services agreements to each selected consultant. Such consultant services agreements will have a term of two (2) years with optional extensions that will not exceed five (5) years. The maximum total amount payable by the County pursuant to the terms and conditions of each individual consultant services agreement shall not to exceed One Million Five Hundred Thousand Dollars (\$1,500,000.00).

The selected consultants will be asked to provide specified professional land surveying services for specific roadway design and construction projects pursuant to task orders issued under the final consultant services agreements. Prior to issuing task orders, the County will discuss the scope of services required for the specific roadway construction project with the selected consultant. The selected consultants will be responsible for preparing a detailed scope of services, project schedule and project budget for each task order that will be issued thereto. Once a task order has been issued by the Director of Public Works, the selected consultant will be required to perform the agreed upon professional land surveying services within the parameters set forth therein. Task Orders will be issued to the selected consultants on a rotating schedule based on availability and other considerations. The maximum amount payable by the County pursuant to the terms and conditions of each individual task order shall not exceed One Hundred and Fifty Thousand Dollars (\$150,000.00).

Accordingly, the Department recommends that the Board of Supervisors approve and authorize the Director of Public Works to issue the attached RFQ regarding on-call professional land surveying services.

FINANCIAL IMPACT:

Bridge projects are one hundred percent (100%) funded by the FHWA Highway Bridge Program and the Toll Credit Fund. The storm damage and earthquake damage projects are eighty-eight point fifty-three percent (88.53%) funded by FHWA and the remaining eleven point forty-seven percent (11.47%) funded by the County Roads Division. There is no financial commitment until the Board approves consultant services agreements with the selected consulting firms and task orders are issued for specific roadway design and construction projects.

The recommended action conforms to the Board of Supervisors' Core Role of providing for and maintaining infrastructure.

OTHER AGENCY INVOLVEMENT:

California Department of Transportation, Federal Highway Administration

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board may choose not to approve the attached RFQ regarding on-call professional land surveying services. However, this option is not recommended since the Department has limited qualified personnel to provide such services for all of the up-coming bridge and roadway repair projects.

2.0 **INTRODUCTION:**

2.1 **Overview:**

The County of Humboldt (“County”), by and through its Public Works Department – Engineering Division, is issuing this request for Qualifications (“RFQ”) to retain experienced and qualified consulting firms and individuals to provide on-call professional land surveying services for various state and federal funded roadway construction projects. Such services shall include, without limitation, aerial base mapping, boundary surveying, topographic surveying, right-of-way surveying, construction staking and other miscellaneous professional land surveying services.

The Successful Consultants must have the ability to provide trained and experienced staff, and subconsultants, if necessary, to perform professional land surveying services equivalent to those set forth in this RFQ. Responses to this Request for Qualifications (“RFQ”) will be in the form of a Statement of Qualifications (“SOQ”).

2.2 **Project Description:**

Every year, the County undertakes several state and federally funded roadway construction projects. Due to limited staffing, certain services needed to complete such roadway construction projects are contracted out to private consulting firms. In order to comply with state and federal laws and regulations and minimize response time, Consultant Services Agreements will be negotiated proactively to ensure that an adequate number of qualified consulting firms will be available to provide professional land surveying services as such needs arise.

At the conclusion of the review, evaluation, selection, contract negotiation and approval processes set forth in this RFQ have been successfully completed, Consultant Services Agreements pertaining to the provision of on-call professional land surveying services will be awarded to each Successful Consultant. Consultant Services Agreements will have a term of two (2) years unless, prior to its expiration, such term is extended through written amendment. However, under no circumstances shall the maximum term of a Consultant Services Agreement exceed five (5) years.

The Successful Consultants will be asked to provide specified professional land surveying services for specific roadway construction projects pursuant to Task Orders issued under the final Consultant Services Agreements. Prior to issuing Task Orders, the County will discuss the scope of services required for the specific roadway construction project with the Successful Consultants. Each Successful Consultant will be responsible for preparing a detailed scope of services, project schedule and project budget for each Task Order that will be issued thereto. Once a Task Order is issued, the Successful Consultant shall perform the required professional land surveying services within the parameters set forth therein.

The maximum total amount payable by the County pursuant to the terms and conditions of each individual Consultant Services Agreement shall not to exceed One Million Five Hundred Thousand Dollars (\$1,500,000.00). The maximum amount payable by the County pursuant to the terms and conditions of each individual Task Order shall not exceed One Hundred Fifty Thousand Dollars (\$150,000.00). Compensation paid for professional land surveying services provided by a Successful Consultant pursuant to the terms and conditions of each individual Task Order will be based on the wage rates established in the Consultant Services Agreements. The timing of individual Task Orders will largely depend on the requirements of each specific roadway construction project and approval of state and/or federal funding.

This RFQ is not for specific projects, but for specific services. The County does not guarantee that a specific number of Task Orders, if any, will be issued to any of the Successful Consultants. Task Orders will be issued to the Successful Consultants on a rotating schedule based on availability and other considerations.

3.0 PRELIMINARY SCOPE OF SERVICES:

This section only presents a preliminary scope of services to generally communicate the County's expectations for the provision of professional land surveying services by the Successful Consultants. A final scope of services will be developed by the County and the Successful Consultants prior to the issuance of each individual Task Order. All Consultants shall be strictly held to the requirements set forth in this RFQ. Such requirements will be incorporated into the final Consultant Services Agreements between the County and the Successful Consultants.

3.1 Outline of Anticipated Services:

The outline of anticipated services presented herein is for the primary purpose of allowing the County to compare the SOQs that are submitted in response to this RFQ. 3. Right-of-way surveying services, including, without limitation, surveying project sites to determine existing and/or proposed right-of-ways, setting monuments at the right-of-way limits, filing record of surveys and preparing legal descriptions and plats in English units, which may require the Successful Consultants to obtain title reports, deeds, record of surveys, parcel maps and assessor maps.

Descriptions of any exceptions, objections or requested changes should include the page and paragraph number of the referenced portion of this RFQ. Protests based on any exception, objection or requested change to this RFQ shall be considered waived and invalid by the County if the exception, objection or requested change is not clearly identified and explained in the SOQ.

7.10 Required Attachments:

SOQs that do not contain each of the following attachments may be rejected by the County:

8.0 EVALUATION CRITERIA AND REVIEW PROCESS:

After the SOQs are received by the County, the County will review and evaluate all SOQs for responsiveness to this RFQ, in order to determine whether the Consultant possesses the qualifications necessary for the satisfactory performance of professional land surveying services equivalent to those set forth in this RFQ. In evaluating the SOQs, the County will employ a one hundred (100) point competitive evaluation system with consideration given to each of the following categories:

- **Relevant and Comparable Experience – 30 points:** The Consultant's experience in providing professional land surveying services equivalent to those set forth in this RFQ for government agencies of comparable size.
- **Staffing levels – 30 points:** The Consultant's ability to provide key personnel familiar with providing professional land surveying services equivalent to those set forth in this RFQ.
- **Location – 10 points:** The Consultant's ability to provide capable, competent and experienced staff from offices located in or near Humboldt County.
- **Ability to Provide High-Quality Services – 30 points:** The Consultant's overall ability to provide professional land surveying services equivalent to those set forth in this RFQ.

All SOQs will be evaluated by an RFQ Evaluation Committee made up of County staff members and other parties that have expertise or experience in the types of professional land surveying services set forth in this RFQ. The RFQ Evaluation Committee may directly request clarification of SOQs from, and/or conduct interviews with, one (1) or more Consultants. The purpose of any such requests for clarification or interviews shall be to ensure the RFQ Evaluation Committee's full understanding of the SOQs. If clarifications are made as a result of such discussions the Consultant or Consultants shall put such clarifications in writing.

The evaluation and selection process is designed to award the procurement to a Consultant with the best combination of attributes based upon the above-referenced evaluation criteria. Accordingly, SOQs will be evaluated against the evaluation criteria set forth in this RFQ and not against other SOQs. The award of final Consultant Services Agreements, if made by the County, will be based upon a total review and evaluation of each SOQ.

All contacts made with the County during the evaluation process shall be through Humboldt County Deputy Public Works Director, Tony Seghetti (see Section 10.1 for contact information). Attempts by a Consultant to contact any other County representative during the evaluation process may lead to rejection of the SOQ. Conflict resolution shall be handled by County staff upon receiving a written statement from the Consultant about this RFQ process.

9.0 **CONTRACT DEVELOPMENT:**

9.1 **Contract Negotiation Process:**

Once the SOQ evaluation process has been completed, the County will notify the Consultants of the final rankings, and negotiate the terms and conditions of the final Consultant Services Agreements with the highest-ranking Consultants. The highest-ranking Consultants shall participate in good faith negotiations in accordance with direction from the County. Any delay caused by a Consultant's failure to participate in good faith contract negotiations may lead to rejection of the SOQ. The contract negotiation process shall include, without limitation, all of the following:

- A. **Cost Proposal.** The highest-ranked Consultants will be asked to submit a sealed Cost Proposal for the types of professional land surveying services set forth in this RFQ, within one (1) week after receiving notification of the final rankings. The Cost Proposal shall include an itemized list of the hourly rates that will be charged for each type of service set forth herein. It should be noted that the compensation paid pursuant to the terms and conditions of project specific Task Orders will be based on the rate schedules incorporated into the final Consultant Services Agreements after completion of the contract negotiation process.
- B. **Scoping Meeting.** The highest-ranked Consultants will be asked to attend a scoping meeting, within two (2) weeks after receiving notification of the final rankings, to ensure that the Consultants have a full understanding of the terms and conditions of the Consultant Services Agreements and the types of professional land surveying services that will be required pursuant to project specific Task Orders issued thereunder. The scoping meeting will also provide the highest-ranked Consultants' Project Managers with an opportunity to ask technical questions regarding the types of professional land surveying services that they will be expected to provide.

9.2 Award of Consultant Services Agreements:

If the County decides, after the completion of the contract negotiation process, to award contracts for the provision of professional land surveying services equivalent to those set forth in this RFQ, Consultant Services Agreements shall be sent to the Successful Consultants for signature. Once signed copies have been returned to the County, the Consultant Services Agreements will be submitted to the Humboldt County Board of Supervisors for review and approval. The County hereby reserves the right to award Consultant Services Agreements to the Consultants which, in the sole judgment of the County, best serves the interests thereof. No SOQ shall be binding upon the County until final Consultant Services Agreements are signed by duly authorized representatives of both the Successful Consultants and the County.

9.3 Contractual Requirements:

- A. **Contract Audit and Review Process Requirements.** The final Consultant Services Agreements resulting from this RFQ process, and any subcontracts associated therewith, are subject to audit or review by the California Department of Transportation's Division of Audits and Investigations ("Caltrans Audits and Investigations") and any other duly authorized local, state and/or federal agencies. 1. The Successful Consultants and their subconsultants shall certify under penalty of perjury under the laws of the State of California that the Successful Consultants and their subconsultants have, unless exempt, complied with the non-discrimination program requirements of California Government Code Section 12990 and Title 2 of the California Code of Regulations Section 8103.
 2. During the performance of project specific Task Orders issued under the final Consultant Services Agreements resulting from this RFQ process, the Successful Consultants and their subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (e.g., cancer), age (over forty (40) years of age), marital status, and denial of family care leave. The Successful Consultants and their subconsultants shall ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. The Successful Consultants and their subconsultants shall comply with the provisions of the Fair Employment and Housing Act (California Government Code Sections 12990(a-f), et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Sections 7285, et seq.). The Successful Consultants and their subconsultants shall give written notice of their obligations under this provision to labor organizations with which they have a collective bargaining or other agreement.
 3. The Successful Consultants and their subconsultants shall act in accordance with the regulations relative to Title VI of the Civil Rights Act of 1964 (nondiscrimination in federally-assisted programs of the Department of Transportation – 49 C.F.R. Part 21 – Effectuation of Title VI of the Civil Rights Act of 1964). Title VI of the Civil Rights Act of 1964 provides that the recipients of federal assistance will implement and maintain a policy of non-discrimination in which no person in the State of California shall, on the basis of race, color, national origin, religion, sex, age or disability, be excluded from participation in, denied the benefits of or subject to discrimination under any program or activity by the recipients of federal assistance or their assignees and successors in interest.
 4. During the performance of project specific Task Orders issued under the final Consultant Services Agreement resulting from this RFQ process, the Successful Consultants shall act in accordance with Title VI of the Civil Rights Act of 1964. Specifically, the Successful Consultants shall not discriminate on the basis of race, color, national origin, religion, sex, age or disability in the selection and retention of subconsultants, including procurement of materials and leases of equipment. The Successful Consultants shall not participate in the discrimination prohibited by Section 21.5 of the United States Department of Transportation (“DOT”) Regulations, including employment practices for employment related programs.
- F. Disadvantaged Business Enterprises Participation.** The final Consultant Services Agreements resulting from this RFQ process shall be subject to the requirements set forth in 49 C.F.R. Part 26 entitled “Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs.” Accordingly, the Successful Consultants are encouraged to obtain participation Disadvantaged Business Enterprises

(DBE”) in the performance of project specific Task Orders issued under the final Consultant Services Agreements resulting from this RFQ process in order to assist Caltrans in meeting its federally mandated statewide overall DBE goal. The Successful Consultants, and all subconsultants, shall be responsible for complying with all of the following provisions regarding DBE participation:

1. The goal for DBE participation for the final Consultant Services Agreements resulting from this RFQ process is zero percent (0%). Participation by a DBE consultant or subconsultants shall be in accordance with information contained in LAPM Exhibit 10-01 – Consultant Proposal DBE Commitment or LAPM Exhibit 10-02 – Consultant Contract DBE Information. If DBE subconsultants are unable to satisfactorily perform the professional land surveying services required by project specific Task Orders, the Successful Consultants must make a good faith effort to replace such DBE subconsultants with other DBE subconsultants, if the goal is not otherwise met.
2. DBEs and other small businesses, as defined in 49 C.F.R. Part 26, are encouraged to participate in the performance of contracts financed in whole or in part with federal funds. The Successful Consultants and their subconsultants shall not discriminate on the basis of race, color, national origin or sex in the performance of project specific Task Orders issued under the final Consultant Services Agreements resulting from this RFQ process. The Successful Consultants shall carry out the applicable requirements of 49 C.F.R. Part 26 in the award and administration of DOT assisted agreements. Failure by a Successful Consultant to carry out these requirements shall constitute a material breach of the final Consultant Services Agreement, which may result in the termination thereof or such other remedy as the County deems appropriate.
3. Any subcontracts relating to the final Consultant Services Agreements resulting from this RFQ process shall contain all of the DBE provisions set forth therein.
4. A DBE firm may be terminated only with prior written approval from the County for the reasons specified in 49 C.F.R. Section 26.53(f). Prior to requesting the County’s approval of the termination, the Successful Consultants must meet the procedural requirements specified in 49 C.F.R. Section 26.53(f).
5. A DBE performs a Commercially Useful Function (“CUF”) when it is responsible for the provision of services pursuant to the terms and conditions of a federally assisted contract, and is carrying out its responsibilities by actually performing, managing and supervising the work involved. To perform a CUF, the DBE must also be responsible with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, installation (where applicable) and paying for the material itself. To determine whether a DBE is performing a CUF, the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the federally assisted contract is commensurate with the work it is actually performing and other relevant factors must be evaluated.
6. A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, similar transactions, particularly those in which DBEs do not participate, must be examined.

7. If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its federally assisted contract with its own work force, or the DBE subcontracts a greater portion of the work of the contract than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.
 8. The Successful Consultants shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid to each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime consultants shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
 9. Upon completion of the professional land surveying services required by a project specific Task Orders, a summary of the above-referenced records shall be prepared and submitted on the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprise, First-Tier Subconsultants" CEM-2402F (LAPM Exhibit 17-F), certified correct by the Successful Consultants or the Successful Consultants' authorized representatives and shall be furnished to the County with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in twenty-five percent (25%) of the dollar value of the invoice being withheld from payment until such summary is submitted. Any amounts withheld as a result of a failure to provide a summary of DBE payments will be returned to the Successful Consultants when a satisfactory "Final Report-Utilization of Disadvantaged Business Enterprises, First-Tier Subconsultants" form is submitted to the County.
 10. If DBE subconsultants are decertified during the term of the final Consultant Services Agreements resulting from this RFQ process, the decertified subconsultants shall notify the Successful Consultants in writing with the date of decertification. If subconsultants become certified DBEs during the term of the final Consultant Services Agreements resulting from this RFQ process, the subconsultants shall notify the Successful Consultants in writing with the date of certification. The Successful Consultants shall report any changes in DBE status to the County within thirty (30) days of such change.
- G. **Disclosure of Confidential Information.** During the performance of project specific Task Orders issued under the final Consultant Services Agreements resulting from this RFQ process, the Successful Consultants may receive information that is confidential under local, state and/or federal law. The Successful Consultants will be required to protect all confidential information in conformance with any applicable local, state and federal laws.
- H. **Indemnification Requirements.** To the fullest extent permitted by law, and in accordance with California Civil Code Section 2782.8, the Successful Consultants will be required to hold harmless, defend and indemnify the County and its agents, officers, officials, employees and volunteers from and against any and all claims, demands, losses, damages and liabilities of any kind or nature, including, without limitation, attorney fees and other costs of litigation, arising out of, or in connection with, the Successful Consultants' negligent performance of, or failure to comply with, any of the obligations contained in the final Consultant Services Agreement resulting from this RFQ process, or any project specific Task Orders issued thereunder, except such loss or damage which was caused by the sole negligence or willful misconduct of the County.

- I. **Insurance Requirements.** The Successful Consultants will be required to satisfy the insurance requirements set forth in the sample Consultant Services Agreement attached hereto. The Successful Consultants shall furnish the County with certificates and original endorsements effecting the required insurance coverage prior to County's execution of the final Consultant Services Agreements. In addition, the County may require additional insurance requirements dependent upon the scope of professional land surveying services that will be provided by the Successful Consultant pursuant to the terms and conditions of project specific Task Orders.
- J. **Assignment.** The final Consultant Services Agreements resulting from this RFQ process, and any project specific Task Orders issued thereunder, shall not be assignable by the Successful Consultant without prior approval by the County.
- K. **Jurisdiction and Venue.** The final Consultant Services Agreements resulting from this RFQ process, and any project specific Task Orders issued thereunder, shall be governed in all respects by the laws of the State of California. - A. This contract is subject to 49 CFR, Part 26 entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs." Consultants who obtain DBE participation on this contract will assist Caltrans in meeting its federally mandated statewide overall DBE goal.
- B. The goal for DBE participation for this contract is ZERO percent (0%). Participation by a DBE consultant or subconsultants shall be in accordance with information contained in Attachment C – Consultant Proposal DBE Commitment (Exhibit 10-O1), or in Attachment D – Consultant Contract DBE Information (Exhibit 10-O2), which are attached hereto and incorporated as part of the contract. If a DBE subconsultant is unable to perform, CONSULTANT must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met.

- C. DBEs and other small businesses, as defined in 49 CFR, Part 26 are encouraged to participate in the performance of contracts financed in whole or in part with federal funds. - F. A DBE performs a Commercially Useful Function (CUF) when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a CUF, the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing, and other relevant factors must be evaluated.
- G. A DBE does not perform a CUF if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, similar transactions, particularly those in which DBEs do not participate, must be examined.
- H. If a DBE does not perform or exercise responsibility for at least thirty percent (30%) of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of the contract than would be expected on the basis of normal industry practice for the type of work involved, it will be presumed that it is not performing a CUF.
- I. CONSULTANT shall maintain records of materials purchased or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE or vendor and the total dollar amount actually paid each DBE or vendor, regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime consultants shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.
- J. Upon completion of this contract, a summary of these records shall be prepared and submitted on the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprise, First-Tier Subconsultants," CEM-2402F [Exhibit 17-F, of the Local Assistance Procedures Manual (LAPM)], certified correct by CONSULTANT or CONSULTANT's authorized representative and shall be furnished to COUNTY's Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in twenty five percent (25%) of the dollar value of the invoice being withheld from payment until such summary is submitted. Any amounts withheld as a result of a failure to provide a summary of DBE payments will be returned to CONSULTANT when a satisfactory "Final Report-Utilization of Disadvantaged Business Enterprises, First-Tier Subconsultants" form is submitted to COUNTY's Contract Administrator.

- K. If a DBE subconsultant is decertified during the life of the contract, the decertified subconsultant shall notify CONSULTANT in writing with the date of decertification. If a subconsultant becomes a certified DBE during the life of the Contract, the subconsultant shall notify CONSULTANT in writing with the date of certification.
