50.3.1 The amendment is in the public interest

**NOW, THEREFORE, IT IS HEREBY PROCLAIMED by the Humboldt County Board of Supervisors that the following findings are hereby made; and**

**FINDINGS FOR ACCEPTING THE ZONE RECLASSIFICATION PETITION FOR  
PROCESSING AND REVIEW**

- 1. FINDING:** Petition Request: To allow processing of a Zone Reclassification to change APN 033-191-007 from Unclassified (U) to Agriculture Exclusive (AE).

**EVIDENCE:** a) Application PLN-2024-19118 on file with the Planning and Building Department.
- 2. FINDING:** The General Plan Amendment petition is consistent with one or more of the General Plan's required findings and criteria for amendments:

  - A. The amendment is in the public interest
  - B. The amendment is consistent with the County General Plan
  - C. The amendment is in conformity with the policies of Chapter 3 (commencing with Section 3200) of the Coastal Act, if applicable
  - D. The proposed amendment does not reduce the residential density for any parcel below that utilized by the Department of Housing and Community Development in determining compliance with housing element law

The Applicant submitted a letter (Attachment 2) requesting Zone Reclassification of their property. The following information supports the findings above.

- EVIDENCE:**
- a) A – It is in the public’s interest to zone properties consistent with planned land uses established under the General Plan. The petition seeks to amend the zoning of the property from Unclassified to Agriculture Exclusive, which is consistent with the land use designation and matches the planned and current zoning of neighboring lands. It is a more precise match than the current zoning of the property and serves to accelerate draft zoning changes previously developed to implement the 2017 General Plan, which seeks to rezone all remaining parcels with Unclassified zoning.
  - b) B – The proposed change to AE zoning is consistent with the Timberland (T) land use designation currently applied to the property and matches draft zoning changes shown on mapping developed during the last General Plan Update.
  - c) C – The property is not located within the Coastal Zone and therefore is not subject to Coastal Act policies
  - d) D – The proposed change in zoning would not affect residential development potential of the property as no change in density would result and the current and proposed zoning have equal accommodations for residential development.

- 3. FINDING:** The amendment is not appropriate for the next scheduled update of the General Plan.

- EVIDENCE:**
- a) The amendment is being sought to allow the applicant to seek an entitlement to allow re-activation of an existing small cannabis cultivation site that was historically operated from the property.
  - b) It is appropriate to allow the amendment to proceed ahead of the countywide rezoning planned to occur as part of the General Plan implementation effort. The applicant has agreed to cover the cost of the individual amendment process.

- c) For the reasons outlined above, it is appropriate to approve the current petition request at this time and not delay further action on the matter.

**3. FINDING:**

The Zone Reclassification petition is consistent with CEQA.

**EVIDENCE:**

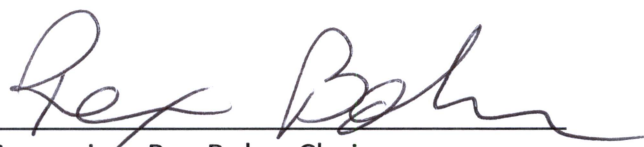

- a) Acceptance of the Zone Reclassification petition for processing and further review is not a project as defined in Section 21065 of the Public Resources Code and is not subject to CEQA.

**IT IS FURTHER PROCLAIMED AND ORDERED** that the Clerk of the Board is directed to provide notice of this decision to all interested parties.
