Subject: Comments on permit # 2019-15365

Hello Caitlin , this is Jacques Neukom from Willow Creek. I was hoping to enter some comments on permit application # 2019-15365 (APN#522-143-033 1005 Patterson Rd)

We own the property to the north of the proposed project.

Pat Murphy and Heather Keating have been our neighbors for a few years now. They have been going through the permitting process for cannabis cultivation that whole time. They have been great neighbors. I have their phone number if anything bothers us (which it never has). They go to community meeting and obviously want a better Willow Creek for all. They wave on the road and we never hear anything negative from the other neighbors about them. Their property is clean and tidy. We never hear anything loud from them. We never smell ANYTHING from that direction. I think there request is appropriate for the situation and surroundings. I feel that if I had issues with them or their business I could talk to them directly and they would respond promptly to those requests. I do not feel as though what they are proposing will negatively impact our community or neighborhood in the least.

Me nor my wife have ever done business with our neighbors nor are we planning too, just to put that out there as well.

Thank you for your time and consideration
