STIPULATED SETTLEMENT AGREEMENT
AND [PROPOSED] JUDGMENT OF
DISMISSAL

24 COUNTY OF HUMBOLDT; BOARD OF
SUPERVISORS OF THE COUNTY OF
25 HUMBOLDT,

Action Filed: June 6, 2018

26 Respondents.

Courtroom: Four
27 Trial Date: None

1 WHEREAS, Petitioner Friends of the Eel River (“Petitioner”) filed an action (“Action”) on June
2 5, 2018, in the Humboldt County Superior Court, alleging violations of the California Environmental
3 Quality Act (“CEQA”) (Pub. Resources Code, § 21000, et seq.). In particular, Petitioner challenges the
4 decision of Respondents County of Humboldt and the Board of Supervisors of the County of Humboldt
5 (“County”) adopting Ordinance No. 2599 entitled the “Commercial Cannabis Land Use Ordinance –
6 Outside the Coastal Zone (“CCLUO”),” adopting the accompanying Resolution No. 18-43 allowing for
7 a specified number of permits and cultivated acres for new cultivation sites under the Ordinance
8 (collectively, the “Project”) and Resolution No. 18-40 certifying the final environmental impact report
9 (“EIR”) for the Project.

10 WHEREAS, the Petitioner and Respondents (collectively, “Parties”) have met to discuss the
11 terms of a possible settlement of this Action, as required by California Public Resources Code §
12 21167.8(a), (b).

13 WHEREAS, the Parties have agreed to terms that will resolve all claims in this Action.

14 WHEREAS, without any admission of liability or as to the merits of the Action, the Parties
15 consent to the entry of this Stipulated Settlement Agreement and Judgment of Dismissal to resolve all of
16 the claims in this Action.

17 WHEREAS, this Stipulated Settlement Agreement and Judgment of Dismissal is referred to
18 herein as the “Agreement.”

19 THEREFORE, THE PARTIES HEREBY AGREE AS FOLLOWS:

20 1. In issuing permits pursuant to the CCLUO for existing operations that are applying to cultivate
21 an area of 10,000 square feet or more, the County shall base its cultivation area verification on review of
22 dated aerial imagery.

23 2. **County Enforcement and Mitigation Targets:** The County shall implement the following
24 initiatives to facilitate enforcement of unpermitted cannabis cultivation sites and violations of Ordinance
25 No. 2599:

26 **a. Enforcement Priorities:**

27 i. The County shall prioritize enforcement efforts based on the most egregious violators and
28 most environmentally harmful sites, including sites located in the most sensitive

1 watersheds.

2 ii. Notices of abatement shall be public documents.

3 1) All notices of abatement shall be sent to the Department of Fish & Wildlife (DF&W)
4 and North Coast Regional Water Quality Control Board (NCRWQCB).

5 2) All notices of abatement shall include a specific, limited time period for the
6 recipient(s) to abate all violations of County ordinances (*e.g.*, 10 days). Every notice
7 of abatement shall require (1) cessation of all cannabis related activities, (2) removal
8 or remediation of all cannabis related infrastructure (*e.g.*, water tanks, greenhouses,
9 water lines), and if deemed necessary by the County to achieve the objectives in
10 subpart a iii below (3) restoration of all graded areas to pre-cannabis cultivation
11 landform (unless that would cause greater environmental damage) and (4) restoration
12 of native vegetation.

13 iii. The County objective in issuing Notices to Abate and Notices of Violation is to remediate
14 all sites which are in violation of County ordinance to protect the natural environment
15 (water quantity and quality and biological resources.) It is not known how a property
16 owner will respond to a county notice; they may abate within ten days, enter into a
17 compliance agreement for remediation that is more complicated, appeal to a hearing officer
18 (and subsequently to superior court), and they may not respond at all. In cases where
19 regrading and revegetation is required, the property owner will be required to submit a
20 remediation plan subject to a compliance agreement requiring the recipient(s) to complete
21 all restoration work within one year of signing the compliance agreement, except when the
22 County determines there is good cause for allowing an extended timeframe. Within that
23 year cannabis activities will have ceased, cannabis related infrastructure (including roads
24 constructed for the cannabis cultivation) will have been removed or remediated, site
25 grading will be completed, and restoration planting will have been completed, as necessary.

26 iv. Each remediation plan or compliance agreement issued pursuant to subpart iii shall include
27 monitoring requirements. The monitoring requirements shall include, but need not be
28 limited to, (1) submission of monitoring and a “completion report” demonstrating that all

1 of the basic work described in the remediation plan or compliance agreement is completed,
2 and (2) submission of an annual monitoring report by the property owner on the
3 anniversary of the completion report for a period of 1 to 3 years depending upon the
4 complexity of the restoration. The annual monitoring report shall be subject to inspection
5 by the County for verification of the report with inspection fee to be paid by the property
6 owner, which shall identify the status of all remediation activities, including whether there
7 is any erosion, and the success and stability of any planting. The monitoring inspection
8 report shall also include action items needed to ensure the success of the remediation plan.
9 Compliance agreements, remediation plans, and monitoring and inspection reports shall be
10 public documents.

11 **b. Code Enforcement Staffing:** The County commits to maintain staffing levels necessary to
12 achieve the enforcement goals stated above, unless decisions outside of the County's control
13 result in the need to reduce staff.

14 **c. Transparency:** The County shall report annually on enforcement funding and spending related
15 to commercial and medical cannabis, as well as environmental benefits achieved through
16 enforcement actions.

17 3. **Grant Fund.** The County shall establish a "Mitigation and Remediation Fund" (the "Fund")
18 using fines from cannabis civil enforcement actions. The Fund may also be augmented with other
19 available funding, including grant funding or through the County's budgeting process.

20 i. The County shall use the Fund exclusively to establish a grant program to fund sediment
21 reduction programs associated with roads serving cannabis cultivation sites. Grants shall be
22 awarded to fund improvements to public and private road improvement projects undertaken
23 with the specific purpose of protecting water quality in streams, creeks and rivers. At least
24 eighty percent (80%) of funds shall be used for actual road improvements.

25 ii. The County shall ensure that grants from the Fund shall not be available, either directly or
26 indirectly, to any property in the abatement process.

27 iii. The County shall prioritize awards of grant money to cannabis cultivators and road
28 maintenance associations based upon the expected water quality benefits that would result

1 from the applicant's road improvement project, based on the following criteria:

- 2 1) Improvements to roads in priority sub watersheds identified in Resolution 18-43.
- 3 2) Highest priority will be granted to projects with one or more stream crossings and
- 4 corrective grading within and close to a stream channel.
- 5 3) Roads which will not be maintained by a Road Maintenance Association and serving
- 6 cultivation sites approved under the CMMLUO when the improvements will bring
- 7 the road into compliance with the CCLUO.
- 8 4) Locations in highly erodible soils, steep slopes, proximity to watercourses, and the
- 9 presence of impacted fisheries.

10 iv. At least One Million One Hundred Thousand Dollars (\$1,100,000.00) shall be available for
11 grants the first year and twenty percent (20%) of all collected fines and penalties each year
12 for the next three years (not to exceed one million one hundred thousand dollars
13 (\$1,100,000.00) per year). The total level of funding will be determined by the County
14 based upon the number of priority sites needing remediation and availability of funding as
15 part of the annual budget process.

16 v. The Board of Supervisors shall make the determination of which projects will receive
17 funding at its discretion based upon the criteria above. Applications for grants need to be
18 submitted to the Planning Department by December 31 of each year, and the Board of
19 Supervisors will take action on issuance of grant money by February 28 of the succeeding
20 year.

21 4. **Road Improvements in Critical Salmon Subwatersheds.** The County has developed a list of
22 potential road projects, including projects within the Redwood Creek and Sprowl Creek watersheds. The
23 list is included with this Agreement as Attachment A. Implementation of road improvements identified
24 in Attachment A may be accomplished by a combination of money otherwise set aside for in Paragraph
25 3 above, other grant funding, and other sources as available. The County agrees to set aside an initial
26 \$500,000.00 of the funds identified in Paragraph 3(iv) above for implementation of road improvements
27 identified by the County pursuant to this paragraph. This Agreement does not commit the County to
28 implementing any particular project. Any projects would need to be approved through the County's

1 regular administrative process.

2 5. **Attorney Fees and Costs.** The County shall pay the sum of \$50,000.00 to reimburse Petitioner
3 for the attorneys' fees and costs incurred in connection with this matter.

4 6. **No Admission of Liability.** This Stipulated Settlement Agreement is entered into in
5 compromise of disputed claims, the existence of any liability for which is expressly denied. The Parties
6 agree that this Stipulated Settlement Agreement shall not be deemed or construed for any purpose as an
7 admission of liability or responsibility for or participation in any unlawful or wrongful act at any time by
8 any Party hereto or any other person or entity, or any admission as to the merits of any claim or assertion
9 made in this Action. Neither party shall use any agreement made in this Stipulated Settlement
10 Agreement against the other party in any proceeding or litigation other than any motion to enforce the
11 Settlement Agreement pursuant to Code of Civil Procedure § 664.6.

12 7. **Release of Claims.** Petitioner does hereby release, acquit and forever discharge the County and
13 any agents, officers, employees, former employees of the County from any and all complaints, claims,
14 actions, causes of action, rights, demands, debts, damages, or accounting of whatever nature, whether
15 known or unknown, that could have been brought by Petitioner in Petitioner's lawsuit challenging the
16 EIR prepared for the Ordinance. The County does hereby release, acquit and forever discharge the
17 Petitioner and any agents, officers, employees, former employees of Petitioner from any and all
18 complaints, claims, actions, causes of action, rights, demands, debts, damages, or accounting of
19 whatever nature, whether known or unknown, that could have been brought in a cross-complaint by the
20 County in Petitioner's lawsuit challenging the EIR prepared for the Ordinance. For purposes only of
21 this release as set forth herein, Petitioner expressly waives the benefits and rights under Section 1542 of
22 the California Civil Code, which provides:

23 A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR
24 DOES NOT KNOW OR SUSPECT TO EXIST IN HIS FAVOR AT THE TIME OF
25 EXECUTING THE RELEASE, WHICH IF KNOWN TO HIM MUST HAVE MATERIALLY
AFFECTED HIS SETTLEMENT WITH THE DEBTOR.

20 9. **Severability.** In the event that any portion of this Stipulated Settlement Agreement is found to
21 be illegal, invalid, unenforceable or otherwise without legal force or effect, the remainder of the
22 Stipulated Settlement Agreement will remain in force and be fully binding.

23 10. **Entire Agreement.** This Stipulated Settlement Agreement constitutes the entire agreement and
24 understanding between the Parties. All agreements or representations, expressed or implied, of the
25 Parties with regard to this subject matter are contained in this Stipulated Settlement Agreement. The
26 Parties acknowledge that there are no other warranties, promises, assurances or representations of any
27 kind, express or implied, upon which the Parties have relied in entering into this Stipulated Settlement
28 Agreement, unless expressly set forth herein. All prior representations, understandings and agreements
 between the Parties concerning settlement are superseded by this Stipulated Settlement Agreement. The
 terms of this Stipulated Settlement Agreement shall not be changed, revised or modified except by
 written agreement signed by the Parties to this Stipulated Settlement Agreement and shall not take effect

1 until approved by the Court.

2 11. **Acknowledgment of Terms.** The Parties have read and understood the terms of this Settlement
3 Agreement, have had the opportunity to consult with counsel regarding those terms, and understand and
4 acknowledge the significance and consequence of each such term.

5 12. **Parties Affected.** This Stipulated Settlement Agreement shall be binding upon and inure to the
6 benefit of the Parties hereto, and their respective heirs, predecessors, successors, affiliated companies,
7 subsidiaries, officers, directors, shareholders, partners, trustees, employees, assigns, executors,
8 administrators, agents and attorneys.

9 13. **Warranty.** Each Party warrants that (a) the person executing this Stipulated Settlement
10 Agreement is fully authorized to do so and to enter into the terms and conditions hereof; and (b) the
11 claims being released pursuant to this Stipulated Settlement Agreement have not been assigned or
12 otherwise transferred to any other person or entity.

13 14. **Construction.** This Stipulated Settlement Agreement is the product of negotiation and
14 preparation by and among each Party hereto and their respective attorneys. Accordingly, the Stipulated
15 Settlement Agreement shall not be construed against the Party preparing it. The section headings are
16 included for convenience only and are not intended to be operative as part of this Stipulated Settlement
17 Agreement.

18 15. **Execution of Documents.** The Parties agree to execute this Stipulated Settlement Agreement
19 and all such other documents as are reasonably necessary to effect the terms and conditions of this
20 Stipulated Settlement Agreement. The Stipulated Settlement Agreement may be executed in
21 counterparts, each of which shall be considered an original.

22 16. In consideration of the representations and terms of agreement of the Parties set forth above,
23 Petitioner hereby stipulates to the entry of a judgment of dismissal of this Action, with prejudice, subject
24 to the Court ordering that it shall retain jurisdiction to enforce the terms of the Stipulated Settlement
25 Agreement, as requested by the Parties.

26 17. **Dismissal and Retention of Jurisdiction.** Notwithstanding the Stipulation of the Parties for the
27 Dismissal of the Action, in accordance with Code of Civil Procedure section 664.6, the Parties hereby
28 request that this Court shall retain jurisdiction to enforce the terms of this Stipulated Settlement

1 Agreement. Before taking any action to enforce the terms of this Stipulated Settlement Agreement, a
2 party alleging a breach has occurred shall provide written notice to the other party, specifying the breach
3 and the facts upon which the claim of breach is based. Upon receipt of such notice, the other party shall
4 have 30 days to either (a) cure such breach (or to begin taking actions that are reasonably likely to result
5 in a cure of the breach within 60 days of the commencement of such actions), or (b) dispute the
6 existence of the alleged breach. If the existence of a breach is disputed, the parties agree to meet and
7 engage in good-faith attempts to resolve the question of whether a breach has occurred before taking any
8 action to enforce this Stipulated Settlement Agreement. A party shall not be considered in breach of any
9 term of this Stipulated Settlement Agreement unless such breach is material; minor or technical breaches
10 by either party shall not be grounds for seeking relief pursuant to this paragraph 17.

11 18. **Term.** This Stipulated Settlement Agreement shall be effective for a term beginning on the date
12 of its entry and ending on December 31, 2023. From and after the expiration of the term of this
13 Stipulated Settlement Agreement, neither party shall have any further rights or obligations under this
14 Stipulated Settlement Agreement, except that the Release of Claims set forth in paragraph 7 shall remain
15 in effect.
