CHDP is a preventive program that delivers periodic health assessments and services to low income children and youth in California. CHDP provides care coordination to assist families with medical appointment scheduling, transportation, and access to diagnostic and treatment services. Health assessments are provided by enrolled private physicians, community clinics, managed care plans and some local school districts.

CCS is a statewide program that authorizes diagnosis and treatment for financially eligible children with certain physical limitations and chronic health conditions or diseases. In addition, CCS authorizes the purchase of specific medical services and equipment, and provides physical and occupational therapy through the Medical Therapy Program. These services are provided at the Medical Therapy Unit located at the Glen Paul School site in Eureka.

The State Department of Health Care Services – Children’s Medical Services Branch (CMS) requires an annual application process for the provision of CHDP and CCS services to Humboldt County with certification by the Board of Supervisors. By signing these two Certification Statements, Humboldt County certifies that the CHDP and CCS programs will comply with the CMS Plan and Fiscal Guidelines for fiscal year 2016-17. The recommendations before your Board today will allow CHDP and CCS to continue to provide these services to the community and receive quarterly reimbursement.

FINANCIAL IMPACT:

The CHDP and CCS programs are funded by CMS each year through a combination of federal and state funds. The approved county budget for the CHDP program residing in fund 1175, budget unit 418 has sufficient appropriations to cover the total allocation of \$428,003 for fiscal year 2016-17. The approved county budget for the CCS program residing in fund 1175, budget unit 493 also has sufficient appropriations to cover the total allocation of \$840,218 for fiscal year 2016-17. Approval of the Certification Statements and submission of the CMS packet will enable reimbursement for CHDP and CCS services. There is no impact to the county General Fund.

The recommendation before your Board supports the county’s strategic framework by providing services to vulnerable populations.

OTHER AGENCY INVOLVEMENT:

The CMS Branch of the State Department of Health Care Services funds the CHDP and CCS programs.

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board could choose not to sign the Certification Statements. However, this would result in program elimination as Board certification is required to complete the CMS annual services plan and receive quarterly reimbursement for services provided.

2. CCS Certification Statement (1 original)
