STRATEGIC PLAN:

This action supports the following areas of your Board's Strategic Plan.

Area of Focus: Safe & Healthy Communities

Strategic Plan Category: 1002- Remove barriers to quality healthcare

DISCUSSION:

The Sierra Health Foundation (SHF) is the lead organization for the California Overdose Prevention and Harm Reduction Initiative, also known as COPHRI, supported by the California Department of Public Health (CDPH), Office of AIDS (OA). COPHRI is funded through the state of California's Opioid Settlement funds and is to strengthen substance use disorder response by supporting staffing at harm reduction programs.

In the years 2020-2023, DHHS - Public Health, North Coast AIDS Project (NorCAP) was awarded California Harm Reduction Initiative (CHRI) grants totaling \$416,186.67. This funding was, specifically, to expand harm reduction services and deepen linkage and engagement with other health service and resource programs including substance use disorder treatment services. These grants are focused on building upon local expertise, uplifting the voices and priorities of people who use drugs and centering racial justice.

Funding will sustain the Mobile Outreach program, which operates under Humboldt County DHHS-Public Health's NorCAP, to continue to serve rural and frontier areas, including tribal lands, to provide services to disenfranchised populations in Humboldt County. The main goals of the project are to provide harm reduction services, free HIV and HCV testing to prevent the spread of infectious diseases, assist clients in accessing enabling services through linkages to care and provide overdose prevention education including Naloxone training and distribution. All services are provided in a supportive community, free from judgment and built on equity, empowering people who use drugs to be the primary agents of reducing harm and managing health.

This agreement is coming before your Board after the contract start date due to delays on the part of the grantor. The late execution will not affect the receipt of funding or delivery of program activities.
