

## There is a Fee for our Services

**Medicaid Rules require that everyone is charged at the same rate. See rates attached below.**

1. Your visits are charged to you at the rate listed below.
2. These same rates are also submitted to private insurance companies. They may not cover your services, or may only cover a small portion. It is your responsibility to check with your insurance company. Most insurance companies require prior authorizations for non-emergency services, and it is your responsibility to obtain authorization.
3. You are responsible to pay any remaining balance up to your maximum annual Uniform Method to Determine Ability to Pay (UMDAP) liability (developed by the State of California).
