Application Responses for "Citizens' Advisory Committee on Measure Z Expenditures"

1. My familiarity with Public Agency Budgeting is somewhat limited to having identify needs and costs to present to someone for evaluation. I have had to do this for numerous IT projects for Tehama County Probation. I am willing to research and come up to speed with any specific subject material presented for approval. I am also eager to learn any skill required to help the community with allocating funds effectively.
2. I have over 10 years' experience working with Government agencies, several of which were as a contractor for numerous departments and Cities. The last 3 years I have been in the employ of Humboldt County IT Department. I have worked with Tehama County Sheriff's department form many years on upgrades and ways to improve processes.
3. I am interested in serving as a member of the "Citizens' Advisory Committee on Measure Z Expenditures" to help ensure the needs of the community are addressed. I would be an advocate for programs and projects that can show evidence of being effective and feasible for the department and the citizens of Humboldt County. I feel it is necessary to ensure the safety of both citizens in the community and those who serve to ensure the safety of all those in the community. For a community to grow and be prosperous the people need to feel secure.
