The Following is from an email sent to me by Councilman Stephen Avis in early November of last year. He sent this after meeting with Board President Andy Titus in which inevitably led to them sabotaging the Friends of Ferndales effort to stop motorcycle racing from happening in our community.

"Andy Titus is asking the HCFA Board to approve seeking a continuation of our appeal, giving us time to work out details. He agrees that qualified sound engineers are necessary for accuracy.

The County, Friends of Ferndale and the HCFA will discuss a way forward and seek approval from each group's membership on the details of how to proceed including the need for an EIR instead of a mitigated negative declaration or significantly improved mitigation measures that prove effective.

NOTE: Motorcycles in the 2017 races had no mufflers of any sort. It will be very interesting to actually hear how much noise reduction is possible with the proposed mitigation and with additional measures as appropriate. "
