DISCUSSION:

The Humboldt County Division of Environmental Health's Local Enforcement Agency (LEA) program has applied for and has been awarded grant money annually from CalRecycle (formerly California Integrated Waste Management Board) since 1991 to enhance solid waste facility permitting and inspection. The Humboldt County Board of Supervisors previously approved Resolution No. 09-36 on June 9, 2009 (Attachment 2). These grant funds will be incorporated into the LEA Program's budgets for the next five fiscal years. In addition to the Enforcement Assistance grant, LEA receives revenue through the Humboldt Waste Management Authority from solid waste disposal tipping fees as well as permitted facility fees to support the various activities within the program.

The Department of Health and Human Services, Public Health, Division of Environmental Health is requesting the Board give the Public Health Director the authority to apply for this grant funding for fiscal years 2014-15 through 2018-19. Additionally, the resolution will authorize the Director of Public Health to execute all applications, agreements, contracts, requests for payment and amendments for securing Enforcement Assistance grants. CalRecycle has requested a multi-year term resolution that is limited to five years.

FINANCIAL IMPACT:

Adoption of this resolution will give Public Health the ability to apply for Enforcement Assistance grant funds for the next five years. These funds will be included in the LEA's budget, fund 1175, budget unit 430, fiscal years 2014-15 through 2018-19. The grant funds provide an additional \$18,000 to \$20,000 per year to support salary and training costs for LEA program staff. No matching funds are required and there is no impact on Humboldt County's General Fund.

The LEA program supports the Board's Strategic Framework by creating opportunities for improved safety and health.

OTHER AGENCY INVOLVEMENT:

California Department of Resources Recycling and Recovery.

ALTERNATIVES TO STAFF RECOMMENDATIONS:

The Board could choose not to approve this resolution. This is not recommended, as the loss of funding would result in the full burden of staff time and training costs to fall on revenues collected from tipping and facility fees.
