I am interested in serving on the Humboldt County Behavioral Health Board because I have both a program and an administrative background. Having previously worked for the Humboldt County Mental Health and Alcohol and Other Drug Programs, Public Health Maternal, Child and Adolescent Health Program and the Economic Development Workforce Development Board, I have experience serving and reporting to the community. I have knowledge of the Behavioral Health programs and feel that I could provide both praise and constructive feedback for programs and services. I operate with a growth mindset and am always focused on continuous quality improvement, so would welcome learning more about programs in other areas and how to improve the programs and services within Humboldt County.
