Three years ago I addressed the fact that Mateel had placed their recycle and portable toilets next to the Grandfather Tree tourist facility. The board Advised them to work with me to make changes. They did not correct the problem. I am asking again that these facilities be moved. It is not right that tourist visiting this area and my business which is only 200 feet away have to view and smell this dirty operation. The Mateel has many options to move this operation away from my business. This part of Reggae last for 30 days in the peak part of our tourist season. I am asking the board to make a condition to move this operation to another part of their event.

Thanks

Keith Bowman
